

A SUPPORT SERVICES DIRECTORY – SERIES 7 2014

Free State

Introducing info4africa

info4Africa is a self-funded Centre of the School of Applied Human Sciences, College of Humanities, University of KwaZulu-Natal. Established in 2001, we were formerly known as the Centre for HIV/AIDS Networking (HIVAN). info4africa has a long history of working in the field of HIV, AIDS and TB. Our focus has expanded and matured over the past decade such that our database, wider networking and capacity building activities broadly reflect service provision in health, wellbeing and development in South Africa.

info4africa's defining strength is our ability to collate, maintain and quality assure data. We are currently engaged in data collection projects for a variety of local, national and international agencies. We believe in collating and sharing information for public good.

In addition to data collection and directory production, we facilitate free networking and capacity building forums for the faith-based, social welfare, non-government and wider practitioner community in KwaZulu-Natal.

info4africa has representation on the following nationally-relevant committees:

- Executive Committee of the NGO Sector of the South Africa National AIDS Council (SANAC)
- Member of the Health and Wellbeing Technical Task Team of SANAC
- Management Committee Representative, National Social Welfare Forum
- Sector Working Group Member for Goals 4, 5 and 6, Millenium Development Goal (MDG) Country Report (Statistics SA)
- Civil Society representative on the KZN Provincial Council on AIDS (PCA)

We have worked with international agencies, national, provincial and local community stakeholders in all sectors on data collection, data cleaning and directory production projects.

Examples of our work include:

PEPFAR partner in the production of:

- A national database of 13 000 health, wellbeing and socio-economic development service providers.
- Six series of hard copy directories listing services and support to vulnerable people in each province. 160 000 directories produced to date.
- Nine provincial Children Services Directories in collaboration with the Department of Social Development (DSD).
- A database and isiZulu language directories of service providers in Ugu and uThungulu District Municipalities, KwaZulu-Natal. An Operation Sukuma Sakhe Project in partnership with BroadReach Healthcare.

eThekweni Municipality Projects:

- A database and hard copy directory of NGO Service providers in eThekweni Metropolitan Municipality.
- A pilot Opportunities Centre database of unemployed job seekers linked to job readiness training programmes.
- A pilot database of small, medium and micro-enterprises (SMMEs) in eThekweni Metropolitan Municipality.

info4africa's database can be accessed in the following ways:

- Directories for each Province (Series 7 in production)
- Mobile Phone
 - Call *130*448# (Free call except on Vodacom. Vodacom users call *120*448#)
 - SMS 45080
- www.info4africa.org.za
- info4africa.storefind.mobi

For more information on info4africa call 0860 448 911 or email us on heusticed@info4africa.org.za

70	Organisational Details and Services Form
72	Index - Alphabetical by Organisation

About this Directory of Support Service Providers:

- This publication forms part of info4africa's Seventh Series of Support Services Directories.
- It contains contact details of 485 organisations working in health, wellbeing and development support in Free State province.

Who is this directory for?

Many organisations reach out to vulnerable people or families on a daily basis. Many of the people they assist need support in other areas. By linking with other like-minded organisations the needs of vulnerable groups can be met in a more holistic manner.

This directory is designed to assist support service providers in the valuable work that they do with vulnerable groups. Service providers can use this directory to:

- connect with service organisations in any area of the province
- refer clients to organisations for additional support and assistance

How to use this Directory of Support Services Providers:

- A table of contents is provided at the start of this directory. It indicates the page number for the start of each section of information.
- Information in this provincial directory is categorised by district municipality and then by local municipality.
- Organisations are listed alphabetically within each local municipality section.
- Icons at the bottom of each organisation entry indicate the primary service areas of that organisation.
- More details on this categorisation can be found on the database form contained at the back of this directory.
- A map page is provided at the start of each district municipality section.
- The index at the back of the directory lists all organisations alphabetically and provides details of where to find them in the directory pages.

"This directory of HIV-related services in Free State is partially made possible by the generous support of the American people through the United States Agency for International Development (USAID) and the President's Emergency Plan. The contents are the responsibility of the Centre for HIV and AIDS Networking (through a Sub-Agreement with Foundation for Professional Development) and do not necessarily reflect the views of USAID or the United States Government".

How to Find Organisations in this Directory

1. Do I know the name of the organisation?
2. Do I know where it is located (which municipality)?
3. If the answer to question 1 & 2 is YES, then:
 - a. Find the map page for the relevant District Municipality.
 - b. Locate the relevant local municipality heading in the text pages for this section.
 - c. Locate the relevant organisation name (all organisation information is alphabetical).
4. If the answer to question 1 is YES but the answer to question 2 is NO, then:
 - a. Use the alphabetical index at the back of the directory to find the name of the organisation.
 - b. Next to this name will be details of where the organisation is located, that is, its District Municipality and its Local Municipality.
 - c. Proceed then with step 3a through 3c above to locate the organisation in the directory pages.
5. If you simply want to find an organisation that provides a particular kind of service in your area and you don't know the names of any such organisations in your area, then do the following:
 - a. Find the map page for the District Municipality in which you want to locate the service provider.
 - b. Use the map to identify which local municipality is closest to where you want to locate a service provider.
 - c. Locate the relevant local municipality heading in the text pages for this section.
 - d. Use the icons (pictures) at the bottom of each organisation listing to quickly identify organisations in the local municipality that may broadly meet your service needs. Details on these icons and the services that they represent are contained in the organisation database form at the end of this directory.
 - e. Read the organisation names and their descriptive paragraphs to determine if the organisations listed in the local municipality are relevant to your needs.
 - f. Contact information is provided for each organisation so that you can contact them at your leisure.
 - g. If you still cannot find what you are looking for, please contact info4africa and we will gladly assist you. See our contact details below.

To edit details or alert us to new organisations in your area:

- Complete the database update form at the back of the directory. Return it to us via fax 086 518 7589 or Email community@info4africa.org.za
- Use our mobile phone update service by calling *130*448*3# and follow the menu prompts
- Contact us on 0860 448 911

How to Access the info4africa Database:

info4africa's database is searchable on the web or via mobile phone:

- Mobile Phone Database:
 - o Call *130*448# (Free call except on Vodacom. Vodacom users call *120*448#)
 - o SMS 45080 with your query and we will text you back the required information
- Read more about info4africa or search our database on www.info4africa.org.za
- Use our mobi-site to search for services and support in your area info4africa.storefind.mobi
- Order provincial directories - Series 7 is in production. Additional copies of our provincial directories can be ordered at R200.00 each or R500.00 for a CD-Rom of all 9 provinces.
- For more information on info4africa call 0860 448 911 or email us on heusticed@info4africa.org.za

Thank you to our Project Partner, Foundation for Professional Development (FPD):

The info4africa national directory project is funded by the FPD through PEPFAR/USAID via FPD Compass.

- FPD is currently the largest self-funding health sector educational provider in South Africa.
- FPD has 3 key focus areas: education, research and capacity building - more specifically in the areas of health and management.
- info4africa reports to the Compass Project within the FPD. This FPD initiative strives to assist communities to respond effectively to HIV through the following areas of work:
 - Physical and Desktop Mapping; FPD Compass conducts large scale mapping projects. Traditionally this has been predominantly in the field of HIV response but is expanding into all social sectors
 - Demographic and Epidemiological Reporting; FPD Compass produces comprehensive reports based on the most current data
 - The work of FPD Compass spans across the SADC region and is not only limited to South Africa

For examples of this work, see the last two pages of this directory which include some epidata for this province. More information is available directly from FPD Compass.

For more information on the FPD and the Compass Project, please visit www.foundation.co.za

Mafube

Botho Centre

We are a non-profit organisation (NPO). We provide a residential facility caring for children and youth. We provide support for orphans as well as other vulnerable children and youth from birth to 18 years of age, ensuring that they have shelter, clothing, 3 meals a day and that their basic needs are met. Homework assistance and life skills training are provided. We also run a day-care facility for children from birth to 5 years of age. We provide them with 2 meals a day and we charge a fee for this service. Support is provided for survivors of abuse and rape. We assist people with applications for identity documents, social grants and birth certificates before referring them to the relevant government departments. We are open 24 Hours, 7 days a week.

T +27 72 753 5619

A Butay Location, 601 Masilo Street, Frankfort, Free State, 9830

Frankfort Town Clinic

We are a government/public organisation. We are a primary health care facility providing HIV, AIDS and TB-related treatment, care and support services. We have a community oriented primary health care programme that monitors and proactively works towards the improved health and well-being of families in our area. We are an accredited antiretroviral (ARV) treatment initiation and on-going treatment site. We refer patients to Mafube Hospital for additional treatment. We give fortified porridge to underweight patients. We run a monthly support group for HIV-positive people. We provide home-based care services for terminally and chronically-ill patients. We offer treatment for opportunistic infections and provide assessments and referrals for people with mental health issues. We also provide maternity services for pregnant women. Our service areas are Frankfort and Nomahadi. We are open from 07:30 to 16:00, Monday to Friday.

T +27 58 813 1972

A 10 Nielu Street, Frankfort, Free State, 9830

Free State Care in Action - Frankfort (FSCIA - Frankfort)

We are a community-based (CBO), non-profit organisation (NPO). Our core business is the protection and safeguarding of children, early childhood development, youth education and the upliftment and empowerment of families. We also care for older persons. At our branch we run an after-care facility where we assist school-going children with completing their homework. We run a soup kitchen on week days which feeds disadvantaged children. We also provide legal advice and run foster support groups 4 times a year. We are open between 08:00 and 16:00 from Monday to Friday.

T +27 58 813 1431 **E** ovfft@internetsa.co.za

A Stand 1214, Mahadi Road, Frankfort, Free State, 9830

Mafube District Hospital

We are a government/public organisation. We provide a comprehensive health care service which includes maternity, HIV, AIDS and TB-related treatment, care and support services. We have a community oriented primary health care programme that monitors and proactively works towards the improved health and well-being of families in our area. We are an accredited antiretroviral (ARV) treatment initiation and on-going treatment site. We serve daily meals to inpatients. A social worker is available to help people apply for identity documents, birth certificates and social grants. We assess people with mental health issues and are able to provide short-term observation for up to 72 hours before referring the patients to Tokollo Hospital. Our service areas are Cornelia and Villiers. We are open 24 Hours a day, 7 days a week.

Praise Tabernacle Centre

We are a faith-based (FBO), non-profit organisation (NPO). We provide care, support and spiritual guidance services for families within the community. We run HIV and AIDS awareness workshops and a hospital ministry which involves visiting local hospitals to pray for and counsel the sick. We also run an 'adopt a child' campaign in which a community member provides a school-going child with a school uniform. Food parcels containing groceries are distributed to disadvantaged families once a month. We provide HIV training and we assist people with applications for birth certificates, identity documents and social grants. We are open from 08:00 to 16:00, Monday to Sunday.

Child Welfare South Africa - Brentpark/Maokeng

(CWSA - Brentpark/Maokeng)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we assist children and youth with their homework and provide life skills training. We also run a substance abuse support group twice a month. We are open from 08:00 to 16:00, Monday to Friday.

Makro HIV and AIDS Support Group

We are a community-based (CBO), non-profit organisation (NPO). We were formed by the community of Maokeng to create awareness and educate our people about HIV and AIDS. We offer training programmes in counselling, HIV and AIDS, life skills and home-based care which trains others to be care-givers and educates people with little knowledge about HIV. We also provide home-based care services for sick people where we bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. When available, food parcels are distributed to child-headed families, from the vegetables grown in our garden. We run a long life support group every day and we distribute condoms. We also run workshops on HIV and AIDS, teenage pregnancy and drug awareness. We refer people with applications for birth certificates, identity documents and social grants to the relevant departments. We are open from 08:00 to 16:00, Monday to Friday.

Child Welfare South Africa - Goldfields, Welkom

(CWSA - Goldfields, Welkom)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we distribute food parcels once a month to disadvantaged families. We also provide legal advice and help with foster care placement. We are open from 08:00 to 16:00, Monday to Friday.

Thuthuzela Care Centre - Bongani Regional Hospital, Welkom

We are a government/public organisation. We are a unit of the Sexual Offences and Community Affairs Unit (SOCA) of the National Prosecuting Authority of South Africa. One of the SOCA's key achievements in ensuring government's commitment to the fight against sexual offences and gender-based violence is the establishment of Thuthuzela Care Centres (TCCs). The TCC concept is recognised by the UN General Assembly as a world best-practice model in the field of gender-violence management and response. The TCCs are one-stop facilities located in public hospitals in communities where the incidence of rape is particularly high. The TCCs provide survivors with a broad range of essential services from emergency medical care and counselling to court preparation in a holistic, integrated and victim-friendly manner. The department aims to establish 35 centres by 2025. We are open from 07:00 to 19:00, Monday to Sunday.

Cancer Association of South Africa - Free State and Northern Cape Region (CANSAs - Free State and Northern Cape)

We are a non-government (NGO), non-profit organisation (NPO). We have developed a wide network of branches across the country. Our organisation works actively to reduce the impact of cancer in all communities. We provide emotional and social support to cancer patients and their families. Our support programme for children living with cancer is called "Tough Living with Cancer (TLC)". Our children and youth programmes take place largely at schools where we provide a variety of workshops and discussion groups on healthy living. The CANSAs toll-free number is 0800 22 66 22. Our Free State Regional Offices are situated in Bethlehem, Bloemfontein, Kimberley, Northern Free State, Springbok, Upington and Welkom. At this branch we provide screening for breast, cervical and skin cancer and also run a wig bank. We run various support groups for people living with Cancer, as well as for their families. We provide home-based care services for community members which include providing them with counselling and help with cooking, household chores and bathing. Our Olea Interim Home is adjacent to this branch and the Katleho Interim Home is situated in Mangaung. We are open from 08:00 to 16:30, Monday to Friday.

Child Welfare South Africa and Childline - Provincial Head Office Bloemfontein (CWSA - Bloemfontein)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). We are the provincial head office of Child Welfare. We are open from 08:00 to 16:00, Monday to Friday.

We are a non-profit organisation (NPO). We promote partnerships between various state bodies, non-government organisations, businesses, volunteers, religious bodies and academia to improve participation, co-operation and public awareness of crime fighting initiatives and victim services. We provide counselling for people infected with HIV and their families. We run victim empowerment, HIV and human rights training programmes for individuals who volunteer at local police stations. We also run awareness workshops on sexual and domestic violence, HIV and AIDS. Monthly domestic violence support groups are held. We have a car wash project, the funds of which go towards caring for abused women. We are open from 08:00 to 16:00, Monday to Friday.

Thusong Service Centre - Botshabelo

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre. At our branch we have offices for the Departments of Home Affairs and Social Development. SASSA also runs an operation from our premises and we are able to assist community members with their social grant applications. We are open from 08:00 to 16:30, Monday to Friday.

Catholic Community Services of the Diocese of Bethlehem (CCS - Bethlehem)

We are a faith-based (FBO), non-profit organisation (NPO). Our core business is capacity-building in organisations that provide services for orphans as well as other vulnerable children (OVC), youth and young adults from 6 to 24 years of age. We currently provide services for 12 multi-purpose drop-in centres in the North-Eastern Free State. We assist these organisations to provide daily meals for the children, access to education, psycho-social support and life skills training. We run an after-school care centre where children are assisted with their homework, they take part in physical activities and are provided with a meal. Home visits are conducted to monitor home circumstances of disadvantaged people and we follow up with additional support where needed. On average we reach 1100 vulnerable children every day through our programme. We run financial management training workshops and we assist with applications for birth certificates, identity documents and social grants. Our services, which are free and carried out mostly by volunteers, are from 07:30 to 16:30, Monday to Friday.

Child Welfare South Africa - Bethlehem Child and Family Centre

(CWSA - Bethlehem)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we provide a 24 Hour residential facility caring for children and youth from 7 to 18 years of age. We provide support to orphans or other vulnerable children ensuring that they have shelter, clothing, food to eat and that their basic needs are met. Children in our care range from 7 to 18 years old. We run a drop-in centre where we assist children and youth with their homework. We also run various awareness campaigns at schools. We are open from 08:00 to 16:00, Monday to Friday.

Education with Enterprise Trust

We are a non-profit organisation (NPO). We help create employment in poor communities in the country through development assistance so that people can become the masters of their own destinies. We are comprised of a small group of community leaders, dedicated teachers and educationalists that started a process of research and consultation. We have designed the Youth Enterprise Society (YES) Programme for meeting a national requirement of employment for large numbers of school leavers. The programme runs twice a week which involves entire communities such as local business people, educationalists, trade union representatives and other community members. The programme generates awareness and interest in young people regarding the free-market entrepreneurship as a career option. By providing guidance from specially trained teachers, students have learned, practiced and developed a wide range of business skills. It also emphasizes the need for learning the importance of developing ways of generating capital ownership and wealth in the community. We charge a fee for some of our services. We are open from 08:00 to 17:00, Monday to Friday.

Save the Children UK - Free State

We are a non-government organisation (NGO). We work in Limpopo, Gauteng and the Free State to ensure that children have access to essential basic services, quality education and improved health services. We use child care forums in rural communities to identify vulnerable children, to protect children's rights and keep children safe. We provide practical support to these children such as food parcels, clothing and school uniforms. Children that do not have identity documents are ineligible to receive child support grants or other state benefits they are entitled to. We work with South African government departments to make sure that all children have birth certificates or identity documents. We focus on influencing government departments to improve children services and to positively influence official's attitudes towards particular groups of children, especially migrant children. Food parcels are distributed to children when there is a need. We are open from 08:00 to 16:00, Monday to Friday.

The House of St Paul

We are a faith-based (FBO), non-profit organisation (NPO). We provide a residential facility and other care and support services for older persons from 60 years of age. They do crafts such as sewing, knitting and making plastic mats. At our drop-in centre we provide care, support and spiritual guidance services for families within the community and for older persons suffering from chronic illnesses. We run TB, HIV and AIDS awareness workshops as well as a feeding scheme where we feed disadvantaged school-going children and youth from 5 to 18 years of age on a daily basis. They are given 1 meal a day after school and 2 meals a day during the holidays. We also run a day-care facility for children from 2 to 5 years of age. We charge a fee for this service and children are given 2 meals a day. HIV and life skills training is provided and we refer survivors of abuse and rape for assistance. We help people with applications for birth certificates, identity documents and social grants by referring them to the relevant government departments. We run a gardening project to supplement our feeding scheme. We are open from 07:00 to 17:00, Monday to Friday. The old age home is open 24 Hours, 7 days a week.

Thusong Service Centre - Kopanong/Trompsburg

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre. At our branch we have a wide range of government and non-government service providers who assist members of our community in a variety of ways. The Departments of Labour, Land Affairs, Home Affairs and Social Development run service points from our premises. We are open from 07:30 to 16:00, Monday to Friday.

Mohokare

Child Welfare South Africa - Wepener (CWSA - Wepener)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we run a drop-in centre where we assist children and youth with their homework. We provide them with meals and recreational activities. We run substance abuse and victim awareness empowerment programmes. We also provide basic statutory services and help people apply for identity documents, social grants and birth certificates by referring them to the relevant government departments. We have a 24 Hour crisis line 072 356 6073. We are open from 08:00 16:00, Monday to Friday.

Free State Care in Action - Smithfield (FSCIA - Smithfield)

We are a community-based (CBO), non-profit organisation (NPO). Our core business is the protection and safeguarding of children, early childhood development, youth education and the upliftment and empowerment of families. Care of the elderly is also an important component of our service delivery. With 43 branches throughout the Free State, we provide day-care centres, old-age homes as well as social relief through the provision of food parcels, soup kitchens, clothing and blankets. At our branch, we run a soup kitchen on week days which provides nutrition for the needy. We also distribute food parcels to indigent families in our community. We provide support services for the elderly and assist vulnerable children by supporting them emotionally and paying their school fees.
