

A SUPPORT SERVICES DIRECTORY – SERIES 7 2014

Gauteng

Introducing info4africa

info4Africa is a self-funded Centre of the School of Applied Human Sciences, College of Humanities, University of KwaZulu-Natal. Established in 2001, we were formerly known as the Centre for HIV/AIDS Networking (HIVAN). info4africa has a long history of working in the field of HIV, AIDS and TB. Our focus has expanded and matured over the past decade such that our database, wider networking and capacity building activities broadly reflect service provision in health, wellbeing and development in South Africa.

info4africa's defining strength is our ability to collate, maintain and quality assure data. We are currently engaged in data collection projects for a variety of local, national and international agencies. We believe in collating and sharing information for public good.

In addition to data collection and directory production, we facilitate free networking and capacity building forums for the faith-based, social welfare, non-government and wider practitioner community in KwaZulu-Natal.

info4africa has representation on the following nationally-relevant committees:

- Executive Committee of the NGO Sector of the South Africa National AIDS Council (SANAC)
- Member of the Health and Wellbeing Technical Task Team of SANAC
- Management Committee Representative, National Social Welfare Forum
- Sector Working Group Member for Goals 4, 5 and 6, Millenium Development Goal (MDG) Country Report (Statistics SA)
- Civil Society representative on the KZN Provincial Council on AIDS (PCA)

We have worked with international agencies, national, provincial and local community stakeholders in all sectors on data collection, data cleaning and directory production projects.

Examples of our work include:

PEPFAR partner in the production of:

- A national database of 13 000 health, wellbeing and socio-economic development service providers.
- Six series of hard copy directories listing services and support to vulnerable people in each province. 160 000 directories produced to date.
- Nine provincial Children Services Directories in collaboration with the Department of Social Development (DSD).
- A database and isiZulu language directories of service providers in Ugu and uThungulu District Municipalities, KwaZulu-Natal. An Operation Sukuma Sakhe Project in partnership with BroadReach Healthcare.

eThekwini Municipality Projects:

- A database and hard copy directory of NGO Service providers in eThekwini Metropolitan Municipality.
- A pilot Opportunities Centre database of unemployed job seekers linked to job readiness training programmes.
- A pilot database of small, medium and micro-enterprises (SMMEs) in eThekwini Metropolitan Municipality.

info4africa's database can be accessed in the following ways:

- Directories for each Province (Series 7 in production)
- Mobile Phone
 - Call *130*448# (Free call except on Vodacom. Vodacom users call *120*448#)
 - SMS 45080
- www.info4africa.org.za
- info4africa.storefind.mobi

For more information on info4africa call 0860 448 911 or email us on heusticed@info4africa.org.za

184	Index - Alphabetical by Organisation

About this Directory of Support Service Providers:

- This publication forms part of info4africa's Seventh Series of Support Services Directories.
- It contains contact details of 1,777 organisations working in health, wellbeing and development support in Gauteng province.

Who is this directory for?

Many organisations reach out to vulnerable people or families on a daily basis. Many of the people they assist need support in other areas. By linking with other like-minded organisations the needs of vulnerable groups can be met in a more holistic manner.

This directory is designed to assist support service providers in the valuable work that they do with vulnerable groups. Service providers can use this directory to:

- connect with service organisations in any area of the province
- refer clients to organisations for additional support and assistance

How to use this Directory of Support Services Providers:

- A table of contents is provided at the start of this directory. It indicates the page number for the start of each section of information.
- Information in this provincial directory is categorised by district municipality and then by local municipality.
- Organisations are listed alphabetically within each local municipality section.
- Icons at the bottom of each organisation entry indicate the primary service areas of that organisation.
- More details on this categorisation can be found on the database form contained at the back of this directory.
- A map page is provided at the start of each district municipality section.
- The index at the back of the directory lists all organisations alphabetically and provides details of where to find them in the directory pages.

"This directory of HIV-related services in Gauteng is partially made possible by the generous support of the American people through the United States Agency for International Development (USAID) and the President's Emergency Plan. The contents are the responsibility of the Centre for HIV and AIDS Networking (through a Sub-Agreement with Foundation for Professional Development) and do not necessarily reflect the views of USAID or the United States Government".

How to Find Organisations in this Directory

1. Do I know the name of the organisation?
2. Do I know where it is located (which municipality)?
3. If the answer to question 1 & 2 is YES, then:
 - a. Find the map page for the relevant District Municipality.
 - b. Locate the relevant local municipality heading in the text pages for this section.
 - c. Locate the relevant organisation name (all organisation information is alphabetical).
4. If the answer to question 1 is YES but the answer to question 2 is NO, then:
 - a. Use the alphabetical index at the back of the directory to find the name of the organisation.
 - b. Next to this name will be details of where the organisation is located, that is, its District Municipality and its Local Municipality.
 - c. Proceed then with step 3a through 3c above to locate the organisation in the directory pages.
5. If you simply want to find an organisation that provides a particular kind of service in your area and you don't know the names of any such organisations in your area, then do the following:
 - a. Find the map page for the District Municipality in which you want to locate the service provider.
 - b. Use the map to identify which local municipality is closest to where you want to locate a service provider.
 - c. Locate the relevant local municipality heading in the text pages for this section.
 - d. Use the icons (pictures) at the bottom of each organisation listing to quickly identify organisations in the local municipality that may broadly meet your service needs. Details on these icons and the services that they represent are contained in the organisation database form at the end of this directory.
 - e. Read the organisation names and their descriptive paragraphs to determine if the organisations listed in the local municipality are relevant to your needs.
 - f. Contact information is provided for each organisation so that you can contact them at your leisure.
 - g. If you still cannot find what you are looking for, please contact info4africa and we will gladly assist you. See our contact details below.

To edit details or alert us to new organisations in your area:

- Complete the database update form at the back of the directory. Return it to us via fax 086 518 7589 or Email community@info4africa.org.za
- Use our mobile phone update service by calling *130*448*3# and follow the menu prompts
- Contact us on 0860 448 911

How to Access the info4africa Database:

info4africa's database is searchable on the web or via mobile phone:

- Mobile Phone Database:
 - o Call *130*448# (Free call except on Vodacom. Vodacom users call *120*448#)
 - o SMS 45080 with your query and we will text you back the required information
- Read more about info4africa or search our database on www.info4africa.org.za
- Use our mobi-site to search for services and support in your area info4africa.storefind.mobi
- Order provincial directories - Series 7 is in production. Additional copies of our provincial directories can be ordered at R200.00 each or R500.00 for a CD-Rom of all 9 provinces.
- For more information on info4africa call 0860 448 911 or email us on heusticed@info4africa.org.za

Thank you to our Project Partner, Foundation for Professional Development (FPD):

The info4africa national directory project is funded by the FPD through PEPFAR/USAID via FPD Compass.

- FPD is currently the largest self-funding health sector educational provider in South Africa.
- FPD has 3 key focus areas: education, research and capacity building - more specifically in the areas of health and management.
- info4africa reports to the Compass Project within the FPD. This FPD initiative strives to assist communities to respond effectively to HIV through the following areas of work:
 - Physical and Desktop Mapping; FPD Compass conducts large scale mapping projects. Traditionally this has been predominantly in the field of HIV response but is expanding into all social sectors
 - Demographic and Epidemiological Reporting; FPD Compass produces comprehensive reports based on the most current data
 - The work of FPD Compass spans across the SADC region and is not only limited to South Africa

For examples of this work, see the last two pages of this directory which include some epidata for this province. More information is available directly from FPD Compass.

For more information on the FPD and the Compass Project, please visit www.foundation.co.za

159 Jeppe Street Clinic

We are a government/public organisation. We are a primary health care facility providing HIV, AIDS and TB-related treatment, care and support services. We have a community oriented primary health care programme that monitors and proactively works towards the improved health and well-being of families in our area. We are an accredited antiretroviral (ARV) treatment initiation and on-going treatment site. We refer patients to Hillbrow Community Health Centre for further treatment. We distribute fortified porridge to malnourished, TB, HIV and AIDS patients. We also provide maternity services for pregnant women. Our service areas are Diepkloof, Inner City, Orlando, Orange Farm, Pimville and Soweto. We are open from 07:30 to 16:00, Monday to Friday.

A 80 Albert Street, Marshalltown, Johannesburg, Gauteng, 2001

Abasha Development Association

We are a community-based (CBO), non-profit organisation (NPO). We run HIV and AIDS awareness programmes. We help matriculants in applying for university. We also run a gardening income-generation project and we train people on how to create and sustain their own food gardens. We also help people apply for identity documents, social grants and birth certificates by referring them to the relevant government departments. We are open from 08:00 to 16:00, Monday to Friday.

T +27 72 283 5177 E ngcanehappyu@gmail.com

A 2324 Sunfish Street, Midrand, Gauteng, 1682

Act 1 Scene 2 Theatre Company

We are a community-based (CBO), non-profit organisation (NPO). We run HIV and AIDS awareness campaigns and skill development programmes through dance and music. We are open from 09:00 to 16:00, Monday to Friday.

T +27 73 883 0530

A 82 Adams Street, Orlando East, Orlando, Gauteng, 1804

Africa Coalition for Peace Action

We are a community-based (CBO), non-profit organisation (NPO). We run HIV and AIDS awareness programmes. We also run children's rights, conflict solving, peace making and reconciliation programmes. We are open from 08:00 to 16:00, Monday to Saturday.

T +27 71 095 4068

A 150 Pritchard Street, Johannesburg, Gauteng, 2001

Africa Crafts Trust

We are a community-based (CBO), non-profit organisation (NPO). We create economic opportunities for artisan groups around the world where livelihoods, communities and craft traditions are marginal or at risk. We are open from 08:00 to 17:00, Monday to Friday.

T +27 11 836 0105 E craft@atasatrust.co.za

A 54 Jefe Street, Newton, Johannesburg, Gauteng, 2001

Africa Vuka Foundation for Business Training and Development

We are a community-based (CBO), non-profit organisation (NPO). We provide a residential facility caring for children and youth from birth to 18 years of age. We provide support to orphans and vulnerable children ensuring that they have shelter, clothing, food to eat and that their basic needs are met. We assist children and youth with their homework and provide life skills training. We also run management development programmes. We are open from 08:00 to 16:00, Monday to Friday.

A 23358 Hekpoort Street, Meadowlands Zone 2, Meadowlands, Gauteng, 1852

African Children's Community Education and Feeding Scheme

(ACFS - Johannesburg)

We are a community-based (CBO), non-profit organisation (NPO). We run various nutritional programmes for disadvantaged people paying particular attention to children from surrounding communities. We provide children with daily sandwiches and milk during or after school and a hot meal to high school students. We also run a day-care centre for severely malnourished pre-schoolers, ensuring they are well fed and educated. A sewing project is run for women and several community food gardens have also been established, allowing community members to learn new skills, feed their families and sell any surplus produce for extra income. Every fortnight we provide a support group for HIV positive people and offer training programmes in counselling, home-based care and first aid. We assist the children to apply for remission of school fees and help them to access documents such as birth certificates and identity documents in order to apply for social grants. We are open from 08:00 to 16:30, Monday to Friday.

A 119 Caroline Street, Brixton, Johannesburg, Gauteng, 2092

Alcohol and Drug Concerns South Africa

We are a community-based (CBO), non-profit organisation (NPO). We promote substance abuse prevention through a youth to youth programme targeting people aged between 14 and 21 years. We run various preventative education programmes at schools delivered by trained youths and adult mentors, the premise being that 'one can have fun without drugs'. We run a camp 3 times a year for youth between 13 and 21 years. The camp educates youth on substance abuse and related issues. In addition we train people to become lay counsellors and run a support group every 20 weeks. We admit substance abusers to various rehabilitation facilities and refer disadvantaged people to Meals on Wheels for food parcels. We are open from 08:00 to 16:00, Monday to Friday.

Black Box Entertainment

We are a business/private organisation. We offer communication solutions in the corporate environment through ground-breaking edutainment and interactive productions for both internal and external target audiences. We develop industrial theatre and corporate videos for our clients communicating subject matters that include policies, values, employment equity, HIV and AIDS, safety and customer services. The videos are designed to educate, persuade, entertain and appeal to target audience whilst still maintaining the clients' intended messages. We offer services to corporate and government sectors. Our success is founded on developing great long-term relationships with our clients based on integrity, professionalism and trust. Our team embraces our client's business and objectives, sharing ideas, tactical considerations and information in order to consistently deliver the appropriate and intended results. We use identified talent during the creation and delivery of our quality productions, thus enabling them to participate in the economic mainstream. We run HIV and AIDS awareness campaigns and we do roadshows and educational theatre performances. We are open from 08:00 to 15:00, Monday to Friday.

BroadReach Healthcare Pty (Ltd)

We are a business/private organisation. We are a South Africa limited liability company that falls within the umbrella of a global health care solutions company that provides consulting, implementation and programme management services. Our mission is to improve the lives of people around the world using new, innovative approaches to health care that combine the best of the private sector and public health. We work with a wide range of partners and clients, including national government, civil society, international donor agencies, pharmaceutical companies, local non-government organisation (NGO) partners and other private sector companies. We apply our expertise across five core service areas: distribution networks/product value chain; health systems strengthening; patient education and community mobilisation; public-private partnerships; strategic consulting. Our approach across each of these service areas, combines best practices from the public sector with business efficiency and private sector discipline to address international health challenges and opportunities. We do HIV counselling and testing (HCT/VCT). We are open from 08:30 to 17:30, Monday to Friday.

Cancer Association of South Africa - Keurboom Care Home

(CANSAs - Johannesburg)

We are a non-government (NGO), non-profit organisation (NPO). We are a care home for patients being treated for cancer. We have developed a wide network of branches across the country. Our organisation works actively to reduce the impact of cancer in all communities. We provide emotional and social support to cancer patients and their families. Our support programme for children living with cancer is called "Tough Living with Cancer (TLC)". Our children and youth programmes take place largely at schools where we provide a variety of workshops and discussion groups on healthy living. The CANSAs toll-free number is 0800 226 622. At our branch we provide accommodation for adult patients undergoing cancer treatment and assist with transport to and from treatment centres. We also offer counselling for our patients and their families.

Centre for Statistical Analysis and Research

We are an educational/research organisation. We are a training and consultancy organisation based in Johannesburg and we provide world-class training and consultancy services in research, data management, statistical analysis and evidence-based practice with special focus on research and evaluation designs and data analysis. We use in-house and external experts with South African experience to bring relevant, expert training to researchers, clinicians, programme managers and other professionals. Our goal is the efficient transfer of functional, relevant and up-to-date research and statistical skills to hands-on professionals in the field, in order to build a better South Africa. We achieve this through monthly short courses and client in-house training which is customised to clients' needs, irrespective of the size of the organisation or project. Basic, intermediate and advanced training covers different aspects of research, data management and statistical analysis including Some of these areas include research designs, questionnaire design, data management; statistical methods, impact evaluation, monitoring and evaluations, evidence-based practice and qualitative research methods. We are open from 08:00 to 16:00, Monday to Friday.

Child Welfare South Africa - Johannesburg Institute of Social Services (CWSA - Gauteng)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we support disadvantaged children by donating clothing and toys to them. We have a luncheon club every Thursday for senior citizens. We are open from 08:00 to 16:00, Monday to Friday.

Community AIDS Response

We are a community-based (CBO), non-profit organisation (NPO). We partner with individuals and communities to provide hope, opportunity and choices over HIV and AIDS and other diseases and to promote the well-being and sustainability of communities. We achieve this by providing comprehensive community care, support and development addressing psycho-social counselling, HIV counselling and testing (HCT/VCT) and spiritual care needs. We ensure that orphans and vulnerable children have access to basic rights including health care, nutrition, education and shelter in ways that respect their age, needs and HIV status. We run economic empowerment programmes such as catering, beadwork design, sewing, food gardening and car washing. We also have support groups for HIV and AIDS which are run in conjunction with clinics and hospitals. We offer home-based care services where we do cooking, cleaning and bathing while training family members in ways that they can assist clients with day to day needs and adherence to treatment regimens. We are open from 08:00 to 16:00, Monday to Friday.

Cotlands - Gauteng

We are a community-based (CBO), non-profit organisation (NPO). Established as a care centre for single mothers and their infants, over the years we have evolved into a shelter for abused, abandoned, HIV positive, orphaned and terminally ill children from birth to 14 years of age. We provide a full continuum of residential and community-based care programmes, from identifying vulnerable children in the community to end stage paediatric hospice care for children dying of AIDS. We established the first paediatric AIDS hospice in South Africa providing 24 Hour specialised paediatric palliative care. We also provide places of safety, home-based care projects and early childhood development centres for pre-school children living with HIV. Our sustainable income-generation projects provide support for the children's families. Our aim is to provide exceptional models of care to children by empowering their families and communities with skills, knowledge, values and attitudes that will improve their quality of life. At our branch we provide quality residential care for children from birth to 7 years old, who have been abused, orphaned or are HIV-positive. We provide support to the children ensuring that they have shelter, clothing, food and that their basic needs are met. We provide hospice care for children from birth to 10 months. In addition we are an accredited antiretroviral (ARV) treatment site. We refer the children to Chris Hani Baragwanath Hospital or Charlotte Maxeke Johannesburg Academic Hospital for additional medical care and treatment.

Dansazania

We are a community-based (CBO), non-profit organisation (NPO). We provide a residential facility caring for children and youth. We provide support for street children, orphans as well as other vulnerable children and youth from 9 to 17 years of age ensuring that they have shelter for 1 month, 3 meals a day, toiletries, clothing and that their basic needs are met. Children under 9 years of age are transferred to social workers. We run 6 shelters, communicating with 9 regions and attending to the administration and fundraising on behalf of the shelters. The children are registered with the courts. We support children with no birth certificates or identity documents to obtain these vital documents. We also help people apply for birth certificates, identity documents and social grants by referring them to the relevant departments. We also care for youth and young adults from 18 to 35 years of age as well as older persons from 60 years of age. We refer survivors of abuse and rape for assistance and we provide life skills training for the youth. We are open 24 Hours, 7 days a week.

Entokozweni HIV and AIDS Awareness and Support Project

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. We provide a daily soup kitchen for disadvantaged people, older persons, orphans as well as other vulnerable children and youth from 2 to 18 years of age. We run an after-care programme where children get a full meal and we assist them with their homework and we provide life skills training for the youth to equip them for their future. We also run support groups for HIV patients and the youth on Tuesdays and Thursdays every week. We distribute condoms and help people apply for identity documents, social grants and birth certificates by referring them to the relevant departments. Support is provided for survivors of abuse and rape. We offer computer skills training for people in the community and a youth programme where they do singing and dancing. We run a gardening project to supplement our feeding scheme. We are open from 08:30 to 16:00, Monday to Friday.

Families South Africa - Parkwood Family Life Centre (FAMSA - Parkwood)

We are a non-government (NGO), non-profit organisation (NPO). We provide expertise in the area of relationship counselling. Formally known as Family and Marriage Society of South Africa, we empower people to reconstruct, build and maintain sound and stable relationships. We believe that healthy and stable relationships promote healthy individuals, families and communities. Our social workers support families to resolve conflict and distress, supporting all members of the family to overcome challenges through counselling, community development and economic empowerment programmes. We charge fees when clients can afford to pay. Our branch supports satellite offices in Alexandra, City Office-Johannesburg, Lenasia South, Soweto and Westbury. We are open from 08:00 to 20:00, Monday to Thursday. On Friday we are open between 08:00 and 15:00.

Gay and Lesbian Memory in Action

We are a non-profit organisation (NPO). We are a centre for lesbian, gay, bisexual, transgender and intersex (LGBTI) culture and education in Africa. We work to act as a catalyst for the production, preservation and dissemination of knowledge on the history, culture and contemporary experiences of LGBTI people. We have also strengthened our commitment in areas such as education and movement-building. We make an important contribution to the achievement and development of the human rights of LGBTI people on the continent and to social justice more broadly. We mobilise memory by documenting and popularising the lives and histories of LGBTI South Africans. In so doing we contribute to the development of pride, challenge homophobia and work to entrench the rights of LGBTI people. We run monthly HIV and AIDS awareness workshops where we spread information about AIDS through theatre. We also provide monthly HIV and AIDS training for peer educators. Our community library is open during the week and on Saturdays from 14:00 to 16:00. We are open from 08:30 to 17:00, Monday to Friday.

hArt Day Centre

We are a community-based (CBO), non-profit organisation (NPO). hArt stands for "hope And restoration today". We equip the youth to enable them to reach their full potential and adapt in an ever-changing economic climate. We assist severely underprivileged youth boys from 14 to 18 years of age by providing them with the opportunity to gain an education. hArt Ghontjie is a house project where some of the boys get to stay on the premises. The boys are provided with beds, warm water and 3 meals a day. We give assistance to youth living on the streets where we provide a place before 10:00 from Monday to Friday to enable them to come in and have a morning shower and a meal. We work to instill life skills that move beyond education by mentoring them in the values of good work ethic, personal growth, caring for oneself and one's belongings, being considerate of others and functioning within a family unit. We hope to restore the self-worth of the children in our care and create a platform from which they can become contributing members of society. We donate personal items to the youth and we do recreational and educational programmes to keep them occupied the whole day. We assist the youth with their homework and we run HIV awareness workshops. We assist and refer regarding applications for identity documents and social grants. We are open from 08:00 to 16:00, Monday to Friday.

Health Systems Trust - Gauteng (HST - Gauteng)

We are an educational/research, non-profit organisation (NPO). We undertake innovative health systems research to strengthen the district health system, its support systems and priority programmes. HIV and AIDS, TB and the special needs of vulnerable groups such as mothers, infants and children receive particular attention. Improving knowledge management, translating research into policy or practice and building capacity are important areas of emphasis. The overall goal of the Health Systems Strengthening unit is, through providing technical support for health districts and developing communities, to strengthen the district health system using a comprehensive primary health care approach and establishing sustainable 'good practice' and learning sites in selected districts. The uniqueness of this approach is that our facilitators are based at the districts and work closely with health district management teams and health care workers, thereby transferring skills. We are open from 08:00 to 16:30, Monday to Friday.

Helping Hands Africa

We are a faith-based (FBO), non-government organisation (NGO). We respond to the initiatives of local communities and churches by partnering with them in their efforts and activities. We train people in churches with the aim that they will help communities affected by HIV and AIDS. Through consultation, training and support to the community we lend a helping hand in the endeavour to gain self-sustainability for projects and their beneficiaries over a certain time period. We offer counselling services, disaster relief, AIDS and community relief. We also assist families to build vegetable gardens to sustain themselves and to generate income from the sale of the vegetables. School-going children are assisted with their homework after school and we help people apply for birth certificates, identity documents and social grants by referring them to the relevant departments. We are open from 08:00 to 16:00, Monday to Friday.

Johannesburg Child Welfare - Masibambisane Day-Care Centre for Orphans and Vulnerable Children (JCW - Eldoradopark)

We are a non-profit organisation (NPO). We provide a range of direct child protection services to abused, abandoned, neglected, orphaned and vulnerable children in the Greater Johannesburg area of South Africa. New cases should be reported to our Child and Family Unit. We also support people infected and affected by HIV. We take pride in the fact that we are one of the oldest NPOs in South Africa, providing over 100 years of service to children in need, their families and the wider community. Our work remains focused on our core mission, that of being a protector of, and advocate for, the safety, security and beneficial development of needy and vulnerable children. We run homes for children and youth caring for all their needs, facilitate adoptions and foster care, supervise and monitor children placed in care, provide home-based care, skills development and income-generation programmes. Our registered social workers ensure that children and youth are registered for birth certificates or identity documents and receive social grants where applicable. Our Aganang Learning Centre trains social auxiliary workers. Our centre provides psycho-social support, material assistance, homework supervision, life skills training, as well as bereavement and general counselling to children aged between 2 and 18 years, plus their care-givers. Community outreach programmes are facilitated at schools, churches and other community-based organisations. We also offer a general support group, as well as one for people living with HIV and AIDS. There is a day-care centre for younger siblings on the premises.

Khulisa Social Solutions

We are an educational/research, non-profit organisation (NPO). We work in diverse environments ranging from prisons and schools to large-scale projects. We engage people in these programmes using a systemic approach which enables different role-players to work effectively and collaboratively. Our services include the design and development of learning and diversion programmes, remediation and learning processes. We have also developed a restorative justice approach that we intend to make available to more communities in South Africa and further north into Africa. Our services are broken down into 3 inter-connected business units that focus on crime prevention and access to justice; community and leadership development; business skills and enterprise development. By targeting all 3 areas we reinforce behaviour change, primarily by the youth, with opportunities for self-reliance, sustainability and an improved community environment. We provide HIV and AIDS training for the youth as well as social entrepreneur programmes for schools and an Ubuntu club for learners. We run workshops on drugs and alcohol, crime prevention, restorative justice, HIV and AIDS awareness and how to write curriculum vitae (CV). We distribute condoms and we provide support for survivors of abuse and rape. We distribute food parcels in some areas and during campaigns. We are open from 08:00 to 17:30, Monday to Thursday and from 08:00 to 16:30 on Fridays.

Lancet Laboratories - Bagleyston

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

Lawyers for Human Rights - Johannesburg Office and Law Clinic

(LRC - Johannesburg)

We are a non-government (NGO), non-profit organisation (NPO). We are a national organisation with offices throughout South Africa. As an independent human rights organisation with a track record in human rights activism and public interest litigation in South Africa, we use the law as a positive instrument for change and to deepen the democratisation of the South African society. To this end it we provide free legal services to vulnerable, marginalised and indigent individuals and communities, both non-national and South African, who are victims of unlawful infringements of their Constitutional rights. At this branch we have special expertise in refugee and migrant rights as well as strategic litigation. Our consulting hours are from 09:00 to 13:00, Monday to Thursday however our offices are open between 09:00 and 16:00 from Monday to Friday.

LearnScapes

We are a business/private, educational/research organisation. We are a proudly South African company, specialising in e-learning solutions for a multitude of industries and organisations. We currently service companies in various industry sectors and play a vital role in the strategic rollout of training solutions. We assist our clients in utilising e-learning to its maximum potential and to influence people to sustain a culture of learning. Our health computer-based training programme empowers people with knowledge that enables them to protect themselves from HIV and AIDS, sexually transmitted infections (STIs), TB infection and other life-threatening diseases. It also deals with guidelines for people who are already infected with TB, HIV and AIDS. Our objective is to influence people to sustain a culture of learning to enable them to be well physically, emotionally and economically. We are open from 08:00 to 17:00, Monday to Friday.

(LRC - Johannesburg)

We are a non-profit organisation (NPO). We are a human rights organisation which uses the law as an instrument of justice for the vulnerable and marginalised, including poor, homeless, and landless people and communities who suffer discrimination by reason of race, class, gender, disability or by reason of social, economic and historical circumstances. We believe that the new Constitution is transformative and should continually become a living document for all in South Africa. We have 4 regional offices in Johannesburg, Durban, Grahamstown and Cape Town. Our work takes us from the heart of urban cities to the most remote rural areas in South Africa. We also participate in networks that involve the Southern African region and the African continent where we seek creative and effective solutions by using a range of strategies which include impact litigation, law reform, participation in partnerships and development processes, education and networking. We often work with other civil society organisations to further our vision and mission. We are open from 08:30 to 16:30, Monday to Friday.

Lesedi Youth Project

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for terminally ill people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. We assist defaulters to get back into the HIV treatment programme. We run a poverty alleviation programme, giving help to orphans as well as other vulnerable children (OVC) and disadvantaged families by distributing food parcels 3 times a year. OVC are also given daily meals and we assist them with their homework. We also run a support group for older persons 3 times a week as well as TB, HIV and AIDS awareness workshops. We distribute condoms and we provide support for survivors of abuse and rape. Skills development programmes are offered for HIV youth where we train them to start their own businesses and help get them the resources to start. Older persons do crafts such as knitting shoes and bags. We also check older persons for diabetes and their blood pressure. We assist and refer regarding applications for birth certificates, identity documents and social grants. We are open from 07:30 to 16:00, Monday to Friday.

Let Us Grow

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. We distribute condoms and we refer survivors of abuse and rape for assistance. We run a support group 3 times a week for people living with AIDS as well as HIV and AIDS awareness workshops. We assist orphans as well as other vulnerable children and youth with their homework, they take part in physical activities and they get a meal. With our education and awareness programme we provide education and training through workshops, counselling and educational sessions, particularly for young people to empower them with information and knowledge for them to live their lives in a positive manner. Our primary youth development programme "Grow Bacha" addresses youth leadership, gender-based violence, life skills as well as HIV literacy. We also provide education for other organisations on key areas such as home-based care and support groups. We help people with applications for birth certificates, identity documents and social grants by referring them to the relevant departments. We are open from 09:00 to 16:00, Monday to Friday.

Love Trust

We are a faith-based (FBO), non-profit organisation (NPO). We serve disadvantaged children and communities by offering the highest quality education to the most vulnerable children in Tembisa. We run a pre-school facility caring for children up to 3 years of age, serving them breakfast and lunch. We provide transport to and from school. One of our flagship projects is the Nokuphila School which accommodates 220 learners from Grade 000, being children from 3 to 4 years of age, to Grade 2. We offer extra-curricular activities with the help of volunteers who teach music, ballet, crafts, sport, gardening or they just have fun. We work to plant a new school in an impoverished area every 2 years, with the intention of rolling out the model across the country.

Madulammoho Housing Association

We are a community-based (CBO), non-profit organisation (NPO). We are a social housing institution that provides transitional and communal housing to Johannesburg's inner city community. We run 8 housing projects which provide over 2125 rental units to more than 3000 low income earners. We work with our partners to build holistic communities that foster social development. We create opportunities for our tenants to engage in sports and recreational activities like boxing, soccer and aerobics. Through our efforts we provide clean, safe and affordable housing that fosters human development and promotes sustainable communities. In addition to our regular low income housing we have a 100-bed emergency shelter, allowing vulnerable people to stay for up to 72 hours until alternative accommodation can be found. We have won several prestigious awards for our poverty reduction and community development efforts. We are open from 08:00 to 16:30, Monday to Friday.

NG Welsyn/NG Welfare - Emanang Nokeng Community Care Unit West Rand

We are a faith-based (FBO), non-profit organisation (NPO). We provide a comprehensive, professional social welfare service for all members of our community. We work with people of all ages and assist children who are vulnerable to obtain birth certificates, social grants and other social welfare support. We counsel families in crisis and we also prepare documents for foster-care applications for submission to the courts. Emanang Nokeng, which means 'someone walking beside you' is the specialist community outreach unit for NG Welsyn. The unit provides a number of programmes for vulnerable people in both urban and rural areas. Our focus is on poverty, HIV and AIDS, protection of vulnerable women, children and the elderly. We work to develop self-reliance and empower people to help themselves. Facilities include outreach, day-care and drop-in centres. We are open from 07:30 to 16:00, Monday to Thursday. On Friday we are open between 08:00 and 13:30.

T +27 11 763 5644

NISAA Institute for Women's Development

We are a community-based (CBO), non-profit organisation (NPO). We work to enable women and children to live in a world free of violence and discrimination. We promote women's rights through empowerment, advocacy, service delivery, collaborate partnerships and a transformative agenda in dealing with violence against women at local, regional and international levels. We provide safe, secure accommodation and counselling for women whose lives are endangered by domestic violence. We also provide individual and group counselling and skills development for legal and economic empowerment of women who experience violence so that they may transform their lives. We promote positive changes in social norms and practices through public awareness, advocacy and education on gender equality, violence against women and the interface between HIV and AIDS and gender-based violence. We charge fees for our services which works on a sliding scale and we charge depending on the client's financial ability. We are open from 08:00 to 16:00, Monday to Friday.

People Opposing Women Abuse (POWA - Johannesburg)

We are a community-based (CBO), non-profit organisation (NPO). We provide services for women who have experienced domestic violence, sexual harassment, rape, as well as to adult survivors of incest. We work to empower women of all ages through a process of counselling, education, advocacy, lobbying and legal support. We have 2 shelters where full meals are provided, each accommodating about 10 abused women and their children. Although abuse against women happens across all sectors of the community, our primary target is women who come from disadvantaged communities with limited or no resources at all or who cannot afford alternative resources in their areas. We also seek to reach men, perpetrators and young adults, especially through training and public awareness projects. We have become an organisation that is considered to be an expert on issues of women's rights. We are consulted by the private sector, government and civil society on educational and decision-making matters pertaining to women's safety and enjoyment of their rights. We are open from 08:30 to 16:30, Monday to Friday. The shelters are open 24 Hours, 7 days a week.

Philani Support Group

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. Our home-based carers visit the homes of the sick, caring for them, cooking for them and ensuring that they adhere to their treatment regimens. Our OVC programme enables us to provide children in need with financial and legal assistance as well as assistance with birth certificates, identity documents and grants. Our community education programme focuses on HIV and AIDS awareness for youth and young adults from 18 to 35 years of age. Our Saturday School programme assists learners in high school. We provide after-care services for children during the afternoons from Monday to Saturday where we assist them with their homework. Life skills training is provided for the youth and we offer school holiday programmes. We run a support group twice a month for grandmothers, children and youth. We run awareness workshops on HIV and AIDS, TB and sexuality. We have 100 beneficiaries of food parcels which are distributed monthly to OVC. We also run a vegetable garden which supplements our feeding scheme. We are open from 08:00 to 17:00, Monday to Friday.

Philile Foundation - National Head Office

We are a community-based (CBO), non-profit organisation (NPO). We work to transform the lives of children and disadvantaged communities in South Africa. We establish early childhood development centres or pre-schools in disadvantaged communities and provide 2 meals a day and a snack as well as psycho-social care for children from 2 to 6 years of age by running programmes that are aimed at their full physical, cognitive, emotional, spiritual and social development. We charge a fee for this service. At our after school programme the children get to do physical activities and are provided with snacks. We run an 18 month teacher empowerment programme, employing and training teachers from the local communities. We also run staff development workshops and occupational therapy workshops with parents. Blankets are donated to parents of the children. Our office hours are from 08:30 to 16:30, Monday to Friday and our day-care centre is open from 08:00 to 17:00, Monday to Friday.

Planact

We are a non-government (NGO), non-profit organisation (NPO). We are committed to local development for the poor within an integrated framework. We undertake strategic interventions in the areas of local government transformation and community development that can result in social upliftment. We assist poor, marginalised communities with the information, training and support needed to achieve improvements in the quality of life of residents. This includes facilitating access to housing with security of tenure and basic services. This we do through networking with like-minded organisations, training, technical advice and assistance, research and advocacy at policy levels. Our training and support helps people to build the skills and knowledge to effectively advocate for their communities. We then continue to work with communities to facilitate or implement development initiatives geared towards achieving sustainable human settlements through meaningful participation practices in co-operation with government and other partners. Other initiatives of our organisation include working with various community groups to develop skills and implement sustainable food gardening, nutritional support and HIV-related response projects. We are open from 09:00 to 17:00, Monday to Friday.

Programme for Appropriate Technology in Health - Rosebank (PATH - Rosebank)

We are an educational/research, non-government organisation (NGO). We are an international organisation which creates sustainable, culturally relevant solutions, enabling communities worldwide to break longstanding cycles of poor health. By collaborating with diverse public and private sector partners, we help provide appropriate health technologies and vital strategies that change the way people think and act. We are involved in HIV and AIDS research and health promotion work in the community. Our projects in South Africa address a host of health needs such as improving maternal health, enhancing infant and young child health, strengthening health systems, supporting improved sanitation and preventing and treating HIV, AIDS and TB. We focus on leadership, advocacy and women's empowerment. We are also involved in building awareness and management of gender-based violence. Our support of the Midwives AIDS Alliance helps midwives increase their knowledge and understand the influence they can have both with patients and within the health care community. We run a window of opportunity support group twice a week as well as workshops on gender-based violence, TB, HIV and AIDS awareness. We are open from 08:00 to 17:00, Monday to Friday.

Rockstarz Foundation Trust

We are a community-based (CBO), non-profit organisation (NPO). We promote social welfare in the form of assistance to school-going orphans as well as other vulnerable children and youth from 6 to 18 years of age. We facilitate social, economic and personal empowerment and development to the beneficiaries of the foundation. We provide full schools uniforms, bags, stationery and relevant supplementary reading material for primary and high school learners that have been identified as beneficiaries of our foundation. We also provide related services such as food, clothing and facilitate access to social services. To empower our beneficiaries we run book clubs, provide life skills training and extra-curricular programmes like Saturday School and school holiday activities to keep the children off the street. We run HIV and AIDS awareness workshops and we provide food parcels for children when there is a need. We help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open from 09:00 to 17:00, Monday to Friday.

Rophe Community Service

We are a non-government organisation (NGO). Our primary focus is to provide care, support and community development services. We provide services such as debriefing for health care workers, HIV counselling and testing (HCT/VCT), prevention of mother to child transmission (PMTCT) and TB treatment and DOTs. We do mentoring and training of counsellors in clinics and we also train health care workers in community health care, antiretroviral (ARV) adherence and PMTCT. We run a victim empowerment programme, TB, HIV and AIDS awareness workshops and programmes collaborating HIV and TB. We run a monthly support group for people infected with HIV and AIDS and when available we distribute food parcels to TB patients. We are open from 08:00 to 16:00, Monday to Friday.

SA Drug Abusers and AIDS Council

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. We work to alleviate the effects of poverty, drug and alcohol abuse at community, family and individual levels. We donate clothes when available and distribute food parcels every Sunday to HIV patients, orphans as well as other vulnerable children and youth from 1 to 18 years of age. We run workshops on HIV and AIDS, teenage pregnancy and sex education. Every Wednesday at 10:00 we hold a support group for older persons from 60 years of age. This group does beadwork and knitting. We provide counselling for people when needed and we refer survivors of abuse and rape for assistance. We distribute condoms and we refer people to the relevant departments to make application for birth certificates, identity documents and social grants. On Saturdays school-going children come to the Centre where we assist them with their homework and we provide life skills training for the youth. We are open from 08:00 to 15:30, Monday to Friday.

SECTION27 incorporating the AIDS Law Project

We are a non-government organisation (NGO). We are one of South Africa's most successful post-apartheid human rights organisations. Initially called the AIDS Law Project, we changed our name several years ago to SECTION27. We are a public interest law centre that seeks to influence, develop and use the law to protect, promote and advance human rights. Our activities include research, advocacy and legal action to change the socio-economic conditions that undermine human dignity and development, prevent poor people from reaching their full potential and lead to the spread of diseases that have a disproportionate impact on vulnerable and marginalised people. We are named after Section 27 of the South African Constitution, which lies at the heart of our supreme law's commitment to socio-economic rights. We have a particular focus on the right of access to health care services. We are open from 08:30 to 17:00, Monday to Friday.

Sizani Home-Based Care - Gauteng

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We cook for them, clean their houses and ensure that they adhere to their treatment regimens. We run a care programme for children in child-headed households, orphans as well as other vulnerable children, youth and young adults from birth to 21 years of age. We provide psycho-social support, a feeding scheme providing 3 meals a day, homework support and life skills training. This support includes house and school visits to evaluate and monitor the child's extended environmental factors. The children participate in various extra-mural activities including sports, drama and dance utilising the limited community resources. We run a poverty alleviation programme which encourages affected women to join in various projects such as sewing and beadwork so that they can support their children. We distribute condoms and we refer people with applications for birth certificates, identity documents and social grants to the relevant departments. HIV and AIDS training is provided for the youth and they are encouraged to do voluntary work. We run HIV and AIDS awareness workshops and we provide support for survivors of abuse and rape. We are open from 07:00 to 17:00, Monday to Friday.

Society for Family Health - National Head Office

We are a non-profit organisation (NPO). We provide for the health needs of vulnerable and low income people through the social marketing of quality products, services and information. We implement innovative and culturally appropriate programmes to achieve measurable health impact. The main goal of our Youth AIDS Programme is to train the youth and reduce the spread of HIV amongst youth and young adults from 15 to 24 years of age. We do HIV counselling and testing (HCT/VCT) and we also run a workplace HIV awareness and prevention programme. With help from the private sector we also market attractively packaged, high quality male and female condoms at subsidised prices that low-income populations can afford. We are open from 08:00 to 16:30, Monday and Thursday and from 08:00 to 16:00 on Fridays.

Soul City Institute for Health and Development Communication

We are an educational/research, non-profit organisation (NPO). We are a social change project influencing society at all levels through drama and entertainment. We also do this through edutainment which is the art of making social issues part of popular and high quality entertainment formats, using the best research available. We care deeply about achieving real, measurable social change for individuals and communities in South Africa and Africa, particularly as far as HIV prevention and violence reduction via alcohol control are concerned. This is why our interventions are based on communication, advocacy and social mobilisation. We produce a number of hard copy and film resources which we use to promote social behaviour change. We make use of mass media communication vehicles which span prime-time TV, radio drama across all languages and high quality glossy booklets, the internet and new media. We distribute condoms when available. We are open from 08:30 to 16:30, Monday to Friday.

Soweto Kliptown Youth Centre

We are a community-based (CBO), non-profit organisation (NPO). We are the only operational orphanage in the Kliptown area and children are referred to us by community members and SAPS. We provide support for orphans as well as other vulnerable children and youth from birth to 18 years of age ensuring that they have shelter, clothing, 3 meals a day and that their basic needs are met. Shelter is given to children who require alternative or foster care due to abuse, neglect or abandonment. In addition to library facilities and meals for over 200 underprivileged residents each day, the centre also provides education support, arts opportunities such as visual arts programmes, storyteller workshops and performances, township theatre and tourism programmes, girl's empowerment and sports activities such as basketball, cricket and soccer. We run a vegetable garden to supplement our feeding scheme and to teach the youth basic farming skills. We also teach them to be self-sufficient by giving them business skills training such as tour guiding, art and craft business management. We assist children with their homework, they take part in physical activities and we provide life skills training and a leadership programme for the youth. We run workshops on teenage pregnancy, HIV and AIDS awareness and we provide support for survivors of abuse and rape. We assist people with applications for birth certificates, identity documents and social grants. At present we have satellites in 4 provinces: Kwazulu-Natal: Durban, Free State: Welkom, Eastern Cape: Thundersgate and North West: Mafikeng. We are open 24 Hours, 7 days a week.

Technical Support Facility - Southern Africa

We are a business/private, educational/research organisation. We provide professional development programmes for consultants working to support the scale up of HIV and AIDS programmes. Established to improve access to timely, high quality short-term technical assistance, our services are available to national AIDS commissions, health and other ministries, as well as their international and national partners in the HIV and AIDS response. Consultants are sourced from a network of organisations and consultants throughout Southern Africa. Our HIV and AIDS programmes focus on 9 generic areas of programme planning and management. These include monitoring and evaluation, resource tracking, strategic and operational planning, costing and budgeting, organisational development, management, including financial management, partnership development, gender issues and HIV and AIDS mainstreaming. We operate in many countries throughout Southern and Central Africa.

Terre des Hommes

We are a non-government organisation (NGO). We provide active support for children without racial, religious, political, cultural or gender-based discrimination. We develop projects and give financial support to organisations to improve the living conditions of disadvantaged children in their own environment, including families and communities. We believe that children are the main participants in their own development, with inherent rights and vital social, economic and cultural roles and we help them realise their full potential in the world of today. We bring the rights of the child and causes of underdevelopment to the attention of the public, including children and youth. We mobilise political will and advocate appropriate governmental policies and we undertake fundraising activities to achieve our objectives. We are open from 09:00 to 17:00, Monday to Friday.

Thalithakumi Home-Based Care

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We cook for them, clean their houses and ensure that they adhere to their treatment regimens. We provide a daily meal during the week for orphans as well as other vulnerable children, youth and young adults from birth to 21 years of age. We offer homework support to school-going children, they take part in physical activities and we provide them with lunch. We run weekly support groups for abused women and people living with AIDS. We also run programmes on peer education and awareness workshops on sexually transmitted infections (STIs), TB, HIV and AIDS. We distribute condoms and we refer survivors of abuse and rape for assistance. We train the youth in traditional singing, dancing and life skills. We help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open from 09:00 to 15:00, Monday to Friday.

The Africa Craft Trust

We are a non-government organisation (NGO). We are a grant funded organisation working with partners and the support of a range of public and private sector foundations and individuals. We help to strengthen urban craft enterprises, business and marketing capacities to meet global market demands, with marketable products, quality, on-time deliveries, competitive prices and excellent customer service, thereby increasing sales, improving livelihoods and creating employment. We implement programmes which enable the growth of commercially viable craft enterprises and invest in the holistic support of crafters and the sector. We have a commitment to build profitable craft businesses which can provide sustainable income for crafters and their families and to foster a sense of empowerment, pride and self-sufficiency which will continue to grow beyond our involvement. Our approach to product development, business skills training and market access are integrated and holistic in order to ensure sustainable growth. We offer hands-on training programmes, focused on building the capacity of crafters to compete in the market place and build solid foundations for economic growth. We are open from 08:30 to 17:00, Monday to Friday.

The African Diaspora Forum

We are a non-profit organisation (NPO). Our organisation was created in immediate reaction to the xenophobic attacks which arose in May 2008. We provide a platform for African migrants to voice their concerns and work for an integrated society. Our Forum is open to all willing individuals and organisations sharing our objectives. Our originality consists in the union of a number of organisations representing African migrant communities living in South Africa. We work for an integrated society that is free of xenophobia and all other kinds of discrimination. We run migration awareness workshops and we do advocacy and lobbying. We assist people with legal documents such as birth certificates, identity documents and social grants and then refer them to the relevant departments for assistance. We also refer people to other organisations for shelter and food parcels. We are open from 09:00 to 16:00, Monday to Friday.

The Aurum Institute - Johannesburg

We are an educational/research, non-government organisation (NGO). Our primary focus is to provide care, support and community development services. We run a HIV and TB care and treatment programme which provides cutting-edge and innovative training to doctors, nurses, counsellors, peer educators and others involved in HIV and AIDS health care and research. In so doing we work to improve the health of people and communities. We conduct transformational research that seeks to inform international and national prevention, treatment and care policy and practice in HIV and TB. We design, test and implement health systems and approaches to bring care and treatment to people living with TB, HIV and AIDS. We run TB, HIV and AIDS awareness workshops, we distribute condoms and we do HIV counselling and testing (HCT/VCT). When available food parcels are distributed to people in need. We are open from 08:30 to 16:30, Monday to Friday.

The Nelson Mandela Foundation

We are a non-government (NGO), non-profit organisation (NPO). We were established after Mr Nelson Mandela's retirement on 19 August 1999. Our work is a celebration of Mr Mandela's life. We contribute to the making of a just society by promoting the values, vision and work of our Founder, Nelson Mandela, through the foundation's Centre of Memory and Dialogue. The Dialogue Programme promotes and facilitates dialogue around critical social issues such as poverty, the development of women and HIV and AIDS within communities and between communities, business, policy makers and the media. The Memory Programme is an integrated information resource on the life and times of Nelson Mandela, facilitating global access to the public, scholars and fellow memory institutions. Through the creation of strategic networks and partnerships, we direct resources, knowledge and practice to add value and demonstrate new possibilities. It embodies the spirit of reconciliation, Ubuntu and social justice. We are open from 08:00 to 17:00, Monday to Friday.

Together Action Group - Westbury (TAG - Westbury)

We are a non-profit organisation (NPO). We work with the courts to prevent degeneration amongst young adults in the area from 20 to 30 years of age through a restorative justice programme for young convicted offenders who are at risk from drugs, alcohol and criminal activity. The programme is centred on skills development where offenders are introduced to a variety of industries within the city in the hope that they may gain sufficient skills during the programme to begin initiatives of their own or that interests for further education are sparked. We charge a once-off registration fee for people who wish to be included in this programme. We train them in leadership, mentoring, coaching and are currently running a bakery project for skills development. We run workshops on criminal activity, drug and alcohol abuse. At our after-care facility we provide various educational drama activities which promote HIV awareness and anti-criminal messages. We assist orphans as well as other vulnerable children (OVC) and youth from 6 to 18 years of age with their homework, we encourage them to read and they take part in sport. We have psychologists on site and life skills training is provided for the youth. We give OVC a daily meal from the vegetables grown in our garden. We also give support to survivors of abuse and rape. We help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open from 11:00 to 18:00, Monday to Thursday and from 08:30 to 16:00 on Saturdays.

Tomorrow Trust

We are a community-based (CBO), non-profit organisation (NPO). We provide funding for community development and upliftment programmes. We are the pioneer of exit strategy and sustainability for orphans as well as other vulnerable children (OVC) and youth from 5 to 18 years of age through education in South Africa. We assist OVC and youth in becoming self-sustainable adults through holistic education, which is done through our holiday schools and Saturdays programmes. We provide children with daily nutritious meals and snacks during the programme. Through schools and key organisations we identify the children and youth most in need of educational intervention. They are brought into our programmes where they work on specific subjects and receive personal attention to their individual learning and psycho-social needs, thereby filling the gaps in their education. By the time a learner leaves us he or she is a mature, career-ready individual. We strive for sustainability, each programme working in conjunction with and filters into the others. This process is vital as it ensures the individual learners become self-reliant individuals who will eventually contribute to the South African economy. We supply the support structures for OVC to pass their final school exams. We are also firmly committed to financing and supporting post-secondary education for young adults. We have students in different universities at present. We are open from 08:00 to 16:00, Monday to Friday.

Twilight Children

We are a community-based (CBO), non-profit organisation (NPO). We provide a residential facility caring for boys from 8 to 18 years of age. We ensure that they have shelter, clothing, food to eat and that their basic needs are met. The boys are enrolled in local schools and are involved in training or undertake some kind of employment. We run a skills training programme to open the boys' minds towards positive work ethic and skills development which equips them with a basic skill that is a means of sustenance. The boys learn to do pottery, work in the bakery, do beading, sewing or work in the vegetable garden. Our outreach programme provides support services for boys who remain on the street. The programme offers support and services to around 106 resident children and around 200 non-resident children and it provides about 400 meals a day. We focus on reintegrating disadvantaged children and young adults into mainstream society by giving them the skills necessary to become valuable citizens. We run a feeding scheme for homeless people and children once a day from Monday to Friday. We also run an after school programme where children are assisted with homework, they participate in recreational activities and life skills training is provided. We run TB, HIV and AIDS awareness workshops and we help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We have a social worker available to assist the children when necessary. We are open from 09:00 to 16:00, Monday to Friday.

Unsung Heroes

We are a non-profit organisation (NPO). We are a Christian organisation with a unique focus to empower visionary leaders who successfully serve poor communities at great personal cost and are largely unrecognised, hence the name Unsung Heroes. We do not initiate our own projects, but partner with community leaders who are already doing significant work to make a difference in their community. Due to a lack of capacity in areas of administration, organisational development and fundraising we strengthen these organisations through an intensive 2 year capacity-building programme. Our facilitators visit each project weekly to ensure that the project team implements what they have learnt. We provide training for project managers, administrators and fundraisers of community-based organisations in financial skills, communication and marketing skills. We are open from 08:00 to 17:00, Monday to Friday.

Bethesda Outreach Ministries

We are an educational/research, non-profit organisation (NPO). We are an on-site ministry which is comprised of childcare and quality, God-centred education. In addition to the village, Bethesda is seeking to assist and encourage local churches by providing training in childcare. We run a childcare programme where we place orphans with Christian couples who are spiritually mature, are strongly recommended by their pastor and are actively involved in their local church. We have the Jabulane Christian Academy (JCA) which currently teaches children in Grade R through Grade 6. We also provide quarterly mini-seminars that are open to the community, which explore issues affecting the Christian family and those caring for orphans. We are open from 08:00 to 16:00, Monday to Friday.

Centre for the Study of AIDS - Hammanskraal Satellite Office

We are an educational/research, government/public organisation. We are a programme of the University of Pretoria. This is a satellite office of the Centre located in Hammanskraal. Our mission is to understand the complexities of the HIV and AIDS epidemic in South Africa and to develop effective ways of ensuring that all the students and staff of the University are prepared both professionally and personally to deal with HIV and AIDS as it unfolds in South African society. We further promote a holistic understanding of HIV and AIDS, where it is not simply seen as a pure medical issue but as a social, medical, developmental and legal one. We continue to develop and expand our training, educational, counselling and research programmes, as well as providing intellectual leadership and consultancy services off campus to government, the private and non-government organisation (NGO) sectors. Our current programme serves more than 40 000 on-campus students at the University. It includes training for staff and students, counselling and support and a range of community-based programmes. In addition, we promote the development of HIV and AIDS-related curricula and research on HIV and AIDS at a faculty level. At our branch we have a special emphasis on documenting alternative models of care for orphans and vulnerable children in Africa while at the same time housing the paralegal advice centre of the Tswelopele project.

Child Welfare South Africa - Tshwane (CWSA - Tshwane)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we provide administrative and organisational support to seven community-based organisations in Atteridgeville, Mamelodi, Eersterus, Centurion, Olievenhoutbosch, Elandspoor and Midcity. We ensure that excellent service delivery is provided by all our branches. We are open from 08:00 to 16:00, Monday to Friday.

Children on the Move

We are a community-based (CBO), non-profit organisation (NPO). We provide a valuable and needed service to orphans, people living with HIV and AIDS, out of school youth and abused women. We care for children and youth between the ages of 6 to 18 years. We prepare breakfast for children who come by the centre in the morning to have breakfast before proceeding to school, lunch when they come from school and they also receive lunch boxes. We provide home-based care services for orphans and vulnerable children. Our care-givers interact with guardians to establish conditions under which they live. Two support groups provide a crucial needed service for the children and youth, one for the ages 12 to 15 and another one for the ages 16 to 18 years. We also run another support group for grandmothers of the orphans and people living with HIV and AIDS. We help people who want to apply for their identity documents and social grants. In addition we offer training to the community in income-generation programmes to address poverty and unemployment. We are currently facilitating training in computer literacy, sewing and knitting, catering and baking and gardening. We also work in Atteridgeville, Saulsville and Lotus Gardens. We are open from 08:00 to 16:00, Monday to Friday.

Delegation of the European Commission

We are a donor agency. Our primary focus is to provide funding for community development and upliftment programmes for projects funded by the European Commission for the European Programme of Reconstruction and Development. Our support in South Africa is about alleviating poverty. This means it is about people, first and foremost. We work to find common strategies in confronting HIV and AIDS and some of the projects we have funded are in the fields of water and sanitation, health and population, education, training and urban development. We work with government departments, community-based (CBOs) and non-government organisations (NGOs). We are open from 08:00 to 17:00, Monday to Thursday and from 08:00 to 13:00 on Fridays.

Families South Africa - Pretoria (FAMSA - Pretoria)

We are a non-government (NGO), non-profit organisation (NPO). We provide expertise in the area of relationship counselling. Formally known as Family and Marriage Society of South Africa, we empower people to reconstruct, build and maintain sound and stable relationships. We believe that healthy and stable relationships promote healthy individuals, families and communities. Our social workers support families to resolve conflict and distress, supporting all members of the family to overcome challenges through counselling, community development and economic empowerment programmes. We charge fees when clients can afford to pay. At our branch we provide specialised training programmes in life skills, peer education and social development. We support satellite offices in Soshanguve, Boikutsong, Mamelodi Stanza Bopane Centre and Mamelodi Phase 7.

FHI 360

We are an educational/research, non-government organisation (NGO). We are a global health and development organisation working on family planning, reproductive health, HIV and AIDS. We help to build the capacity of local service providers and managers in addressing systems issues that affect the delivery of services, including human resources issues. We work in areas of communication and social marketing, economic development and livelihoods, education, health, nutrition, economic development, civil society and peace building, environment, gender equality, youth, research and technology, creating a unique mix of capabilities to address today's interrelated development challenges. We equip youth around the world with the skills, opportunities and services they need to reach their full potential. Our nutrition programmes bring together experts in nutrition, food security, anthropology, behavioural change communication, market research and social marketing. We work with countries, international nutrition organisations and funders to design strategies, policies, programmes and systems to bring about nutritional change. Our education programmes improve teaching and learning, increase access to educational opportunities for underserved populations including children and youth with disabilities, create more opportunities for girls and integrate technology to enhance teaching and learning. Our work promotes teacher development and emphasises student-centred learning. Our experts engage in research, evaluation and policy development to ensure lasting and system-wide change. We are open from 08:00 to 17:00, Monday to Thursday and from 08:00 to 14:00 on Fridays.

Foundation for Professional Development - Treatment Community Care, Support and Development (FPD - Pretoria)

We are a non-government organisation (NGO). We facilitate the accreditation, expansion and integration of facilities providing comprehensive antiretroviral (ARV) treatment and HIV palliative care for uninsured patients in South Africa. In collaboration with Provincial and District Departments of Health, the Positive Life Project works in direct support of the South African Government's strategic plan. The key focus of all project activities is to build sustainable, local capacity. Funded by PEPFAR since 2004, we operate in Gauteng, North West, Mpumalanga, Limpopo and Eastern Cape. Our programme works to increase access to HIV and AIDS service delivery by strengthening integration between TB and HIV services, referral networks between counselling and testing sites, TB focal points, HIV wellness centres, antiretroviral (ARV) treatment clinics and faith-based organisations.

Future Families - Ford Care Centre

We are a community-based (CBO), non-profit organisation (NPO). We render quality services to orphans and vulnerable children and people infected and affected by HIV, AIDS and TB. Our objective is to keep children in their families whether this be a 'family' with granny, youth or child headed households. We have a comprehensive model of community mobilisation, support and education. Our care-workers receive accredited training which includes basic counselling and on-going in-service training under the supervision of our social workers. We develop homework classes in collaboration with community schools and run life skills holiday projects with the children addressing age appropriate issues such as HIV, communication, sex education and career planning. Vegetable gardens are developed in the gardens of the families that we reach, providing nutrition as well as an opportunity to sell the excess vegetables for an income. Our support group, for HIV positive people, meets daily to help members cope with their disease and develop skills to enter the job market. Our educational outreach is run by trained graduates from our support groups. The educators visit the local municipal health clinics and local schools helping to share the reality of HIV. They encourage people to be tested and to know their status, if they are positive they are referred to clinics and support groups and if they are negative they are educated on how to stay negative. We are open from 08:00 to 16:00, Monday to Friday.

Institute for Women and Gender Studies

We are an educational/research organisation. We provide poverty alleviation programmes for women and work to build a culture of tolerance, diversity and democracy. We promote training, research and publications on gender and transformation in collaboration with likeminded departments, as well as with colleagues and stakeholders from civil society, government, local communities and key individuals. We provide research on different gender issues and training programmes which aim to improve conditions for women. We run a workshop on sexuality once a year. We are open from 07:00 to 16:00, Monday to Friday.

Inter Trauma Nexus

We are a faith-based (FBO), non-profit organisation (NPO). We create and maintain a multi-professional support network for the community. We do this by recruiting psychologists, social workers, legal advisors, teachers, church leaders, business leaders, advisors and volunteers for the community to serve as an effective and self-reliant support and empowering network. We train the community to deal with trauma and equip them with life skills and give them the necessary information concerning their legal status and the procedures that would follow. All our attempts are directed at ensuring that people who have experienced trauma in their lives have the necessary support structures available to them. We run an empowerment centre called the Muthusi Empowerment Centre which provides a trauma and victim support service. Trauma workshops are held once a month. We are open from 08:00 to 17:00, Monday to Friday.

International Organisation for Migration

We are a non-government organisation (NGO). We focus on migration and development issues in the Southern Africa region, including efforts to mobilise displaced communities to contribute to the development of their home countries. We provide remittances and skill transfers and are also embarking on projects to mitigate the impact of health worker migration out of the region. Human trafficking is being addressed through the Southern African Counter Trafficking Assistance Programme which has a strong presence in all country offices. Migrant health needs are also being addressed through our partnership on HIV and mobility in Southern Africa which aims to reduce the incidence of HIV and the impact of AIDS among migrants and their families. We are open from 07:00 to 17:00, Monday to Friday.

Jakaranda Children's Home

We are a non-profit organisation (NPO). We provide a residential facility and support caring for orphans as well as other vulnerable children and youth ensuring that they have shelter, clothing, schooling, security, stability, food to eat and that their basic needs are met. Children in our care range from 1 to 18 years of age. We look after the welfare of abused children that have been removed from their parents and placed in our care by the South African children's court due to abandonment, neglect, emotional and physical abuse. We work to provide the children with the necessary therapy, life skills and emotional support that they need in order to become responsible adults and curb the cycle of abuse. We do sport to help the children with individual development plans and we run various skills development programmes. We also assist children and youth with their homework. We are open 24 Hours, 7 days a week. Our office hours are from 08:00 to 16:30, Monday to Friday.

James 127 Trust

We are a faith-based (FBO), non-government organisation (NGO). We are a social innovation project working with children at risk. We run a number of development programmes for orphans as well as other vulnerable children (OVC), youth and young adults from birth to 21 years of age. We work in partnership with and fund grassroots organisations that provide community care, support and development to help OVC and serve as the bridge between needy communities and financial sponsorship. We have introduced a "virtual adoption" programme which allows people to financially sponsor a needy child or family. Our technology programme provides community organisations with a scalable and flexible mechanism for tracking contributions from donors to recipients, identifying areas of resource need and enabling sound business reporting. The James Institute is a fellowship of like-minded stakeholders that combine at an institutional and individual level to discuss, refine and influence policy around the domain of social innovation. We are open from 08:00 to 16:00, Monday to Friday.

Kungwini Welfare Organisation

We are a community-based (CBO), non-profit organisation (NPO). We provide a residential facility caring for children and youth. We provide support for boys and youth from 12 to 18 years of age ensuring that they have shelter, clothing, 3 meals a day and that their basic needs are met. We also run a creche facility where children from 2 to 6 years of age are given 2 meals a day and a drop-in centre where children from 6 to 18 years of age come to do their homework after school, they take part in extra-mural activities and they are given a meal. We run TB, HIV and AIDS awareness workshops and we provide social work services and find skills development and job creation opportunities for people with disabilities, unemployed women and youth. We partner with a number of projects and organisations to provide support. These include the Paul Jungnickel Home for over 140 adult persons with disabilities; a Vocational Therapy Unit or protective workshop for people with disabilities; Kungwini Early Learning Centres in Boschkop, Zwavelpoort and Lethabong catering for children from 2 to 6 years of age and Kungwini Community Development. We are open from 07:00 to 16:00, Monday to Friday and from 07:00 to 18:00 on Saturdays and Sundays.

Lancet Laboratories - Andrology Laboratory

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

Laudium Community Health Centre

We are a government/public organisation. We are a primary health care facility providing HIV, AIDS and TB-related treatment. We have a community oriented primary health care programme that monitors and proactively works towards the improved health and well-being of families in our area. We are an accredited antiretroviral (ARV) treatment initiation and on-going treatment site. When necessary we refer patients to Kalafong Hospital for further treatment. We distribute fortified porridge and milk to underweight patients. We run a weekly support group for HIV-positive people. A social worker is available to help people apply for social grants, identity documents and birth certificates. We provide home-based care services for sick people and support for their vulnerable family members. We offer treatment for opportunistic infections and provide assessments and referrals for people with mental health issues. We perform medical male circumcision (MMC). We also provide maternity services for pregnant women. Our service areas are Atteridgeville, Centurion, Ilireleng, Laudium, Mooiplusville, Olieven and Pretoria West. We are open 24 Hours, 7 days a week.

Lawyers for Human Rights - Pretoria Office and Law Clinic (LRC - Pretoria)

We are a non-government (NGO), non-profit organisation (NPO). We are a national organisation with offices throughout South Africa. As an independent human rights organisation with a track record in human rights activism and public interest litigation in South Africa, we use the law as a positive instrument for change and to deepen the democratisation of the South African society. To this end it we provide free legal services to vulnerable, marginalised and indigent individuals and communities, both non-national and South African, who are victims of unlawful infringements of their Constitutional rights. At this branch we have special expertise in environmental rights, refugee and migrant rights as well as strategic litigation. Our consulting hours are from 09:00 to 13:00, Monday to Thursday however our offices are open between 09:00 and 16:00 from Monday to Friday.

LifeLine Centre - Atteridgeville Community Centre

We are a non-profit organisation (NPO). We assist traumatised people by providing counselling, emotional support and immediate crisis management. Our counselling is empathetic, non-judgmental and highly professional. We empower our clients to find lasting solutions to the crisis or issue they are facing. We provide a 24 Hour national telephonic counselling helpline 0800 012 322 and a Stop Gender Violence helpline 0800 150 150. Our 24 Hour confidential crisis intervention service is available at no cost to all sectors of the community regardless of race, religion or social standing. We provide face-to-face counselling by appointment and offer a number of courses for individuals, corporates and civil society organisations. These courses include HIV peer education, awareness and information, personal growth and counselling skills in gender violence, HIV and rape. We are the service point of LifeLine - Pretoria. We are open from 07:30 to 17:00, Monday to Thursday. On Friday we are open between 07:30 and 13:00.

Louis Botha Children's Home

We are a non-profit organisation (NPO). We provide a residential facility caring for children and youth. We provide support for orphans as well as other vulnerable children ensuring that they have shelter, clothing, schooling, food to eat, security, stability and that their basic needs are met. Children in our care range from birth to 18 years of age and are removed from their parents and placed in our care by the South African children's court due to abandonment, neglect, emotional and physical abuse. The children are provided with the necessary therapy, life skills and emotional support that they need in order to become responsible adults and curb the cycle of abuse. The children are assisted with their homework, they take part in physical activities and we run sport groups to help the children with individual development plans. We run a gardening project to supplement our feeding scheme. We are open from 08:00 to 16:00, Monday to Friday.

Moepathutse Children's Centre

We are a community-based (CBO), non-profit organisation (NPO). We provide a residential facility caring for children and youth. The length of their stay depends on the situation of the child. The centre is managed and supported by the community and provides orphans as well as other vulnerable children and youth from birth to 18 years of age with a sanctuary, 3 meals a day and access to basic services such as counselling, education, health care and social relief provided by the respective provincial government departments. The drop-in centre provides after-care and homework support services for school-going children, they take part in physical activities and they get a meal. We distribute monthly food parcels to disadvantaged older persons. We also run a spiritual support group on Sundays as well as workshops on sexual abuse, child abuse, talk shows for children, HIV and AIDS awareness. We distribute condoms and we provide life skills and computer literacy training, art and culture, music, dance groups and skills development for the youth. We assist and refer regarding applications for birth certificates, identity documents and social grants and we run a gardening project to generate an income and to supplement our feeding scheme. Our residential facility is open 24 Hours, 7 days a week. The drop-in centre is open from 07:00 to 16:00, Monday to Friday and from 08:00 to 10:00, Saturdays and Sundays.

Mohau Centre

We are a non-government organisation (NGO). We provide a residential facility caring for orphans and vulnerable children from 2 to 18 years. We nurture these children in our care and provide clothing, health care, meals and other social welfare support. Due to the fact that the majority of the children and youth at our centre are infected by HIV we have a professional nurse who monitors the children's general health and addresses specific medical problems. We provide antiretroviral (ARV) treatment initiation and on-going treatment. We have a pre-school programme for children not yet attending school. We also hand out food parcels consisting of beans, milk powder, maize, soya and peanut butter to impoverished families, on a weekly basis. Counselling and play therapy is provided for the children and their families, focusing on their need for understanding the reason for them being in the centre. We are open 24 Hours a day, 7 days a week.

New BeginningZ

We are a non-profit organisation (NPO). We provide a place of safety and a home for babies and children from birth to 5 years of age. The children are given 3 meals a day and children over 5 years of age are placed with other institutions. We work with children living and working on the streets, child-headed households, abandoned babies, toddlers and youth aged from birth to 18 years of age and survivors of child abuse. Our services focus on HIV and AIDS infected and affected children of all ages. We do not have a residential care facility for children living, working and begging on the streets but refer the children that we come in contact with to various member shelters where children receive more than just the basic necessities of life. Due to the increasing numbers of abandoned, neglected and abused babies in need of love, care and attention we opened the Haven in Laudium, which incorporates all the areas of care and nurturing. There are "Baby Walls" in Sunnyside and Atteridgeville where unwanted babies can be left anonymously, no questions asked. We run HIV and AIDS awareness workshops and we assist and refer regarding applications for birth certificates, identity documents and social grants. The home is open 24 Hours, 7 days a week and our office hours are from 07:30 to 16:00, Monday to Friday.

OUT - Lesbian Gay Bisexual Transgender Intersex (LGBTI) Well-Being - Pretoria Clinic

We are a non-profit organisation (NPO). We are dedicated to the building of healthy empowered lesbian, gay, bisexual and transgender communities in South Africa and internationally. We work to reduce heterosexism and homophobia in society. Our youth support group meet on a monthly basis. We offer HIV and life skills training to youth and young adults from 18 to 35 years of age. In-house training is provided for peer educators. We run a primary health care clinic where free services are offered by appointment, but laboratory services may incur costs. We refer HIV and AIDS patients to their nearest fixed clinic for antiretroviral (ARV) treatment initiation and on-going treatment. We provide an extensive barrier method distribution service such as condoms, flavoured lubricants, dental dams and latex gloves for both gay men and lesbian women. We offer psycho-social support services where we do face-to-face, online and telephone counselling. Our helpline number is 0860 OUT OUT or 0860 688 688. We are open from 08:00 to 16:00, Monday to Friday and from 09:00 to 15:00 on Saturdays.

A 1081 Pretorius Street, Hatfield, Pretoria, Gauteng, 0083

Oxfam GB

We are an educational/research, non-government organisation (NGO). Our primary focus is to provide funding for community development and upliftment programmes. We are a vibrant, global organisation with offices in South Africa and across the planet. In South Africa we focus on gender justice, rights in crisis, essential services, economic justice and climate change. We work to create sustainable livelihoods in rural communities. We mainstream HIV and AIDS responses into all our programmes in an attempt to curb this pandemic. We also lend support to local partners in fighting against HIV, AIDS and gender-based violence issues. Campaigning is a major focus of our work in South Africa. We are running a "Grow Campaign" which aims to tackle issues relating to climate change, land grabs, neglected small-scale farming and volatile food prices around the world. We are open from 08:00 to 17:00, Monday to Friday.

Sinoville Crisis Centre

We are a non-government organisation (NGO). We are situated at the Sinoville Police Station which is a private initiative working in conjunction with the South African Police Service. The volunteers who come from various spheres of life are all trained intensively in crisis intervention and emotional support. We are on stand-by after hours and assist people of all ages in the community with trauma, suicide, domestic violence, drug abuse, administrative services and support. We provide counselling for traumatised people and our services are free of charge and confidentiality is guaranteed. Although our initial goal was to help victims of crime of the Sinoville Police area, people of all 28 police stations in Pretoria, as well as from nearby towns such as Rayton, Cullinan, Bronkhorstspuit, Bela-Bela and even as far away as Namibia, Mozambique and Botswana are referred to the Centre. We do not give therapy, only crisis intervention. We work closely with other non-government organisations (NGOs) as well as the Department of Education, Safety and Security and many churches. We receive no state funding and rely financially on sponsorships from the business community, grants from churches and our own fundraising projects. We are open from 08:00 and 19:00, Monday to Friday.

The Potter's House

We are a community-based (CBO), non-profit organisation (NPO). We are one of the community ministries of the Tshwane Leadership Foundation Trust. We provide a shelter for women and children for up to 6 months who are survivors of physical, sexual and emotional abuse. We ensure that they have shelter, clothing, toiletries, 3 meals a day and that their basic needs are met. We take in women with their daughters from birth to 16 years of age and sons from birth to 12 years of age. We offer a holistic service to address the needs of women in crisis in Tshwane to strengthen and support them, intervene in crisis situations through transitional accommodation and work towards economic empowerment. We can accommodate 24 women with their children at a time. The women go through our holistic empowerment programme, which enables them to find jobs and support themselves. A supportive atmosphere is created in the house which works towards emotional healing and growth. Our outreach services focus on HIV and AIDS awareness, drug and alcohol abuse, domestic violence and counselling. We assist school-going children with their homework and we distribute condoms. We also run a drop-in centre, offer job preparation and job skills training and do advocacy work regarding women's issues. The shelter is open 24 Hours, 7 days a week and our office hours are from 08:30 to 16:30, Monday to Friday.

Thuthuzela Care Centre - Mamelodi Hospital

We are a government/public organisation. We are a unit of the Sexual Offences and Community Affairs Unit (SOCA) of the National Prosecuting Authority of South Africa. One of the SOCA's key achievements in ensuring government's commitment to the fight against sexual offences and gender-based violence is the establishment of Thuthuzela Care Centres (TCCs). The TCC concept is recognised by the UN General Assembly as a world best-practice model in the field of gender-violence management and response. The TCCs are one-stop facilities located in public hospitals in communities where the incidence of rape is particularly high. The TCCs provide survivors with a broad range of essential services from emergency medical care and counselling to court preparation in a holistic, integrated and victim-friendly manner. The department aims to establish 35 centres by 2025. We are open 24 Hours a day, 7 days a week.

Tumelong Mission

We are a faith-based (FBO), non-profit organisation (NPO). We work to build quality of life through the provision of skills and support to the needy and vulnerable to overcome hunger, poverty and unemployment. We provide a mobile HIV counselling and testing (HCT/VCT) unit and run a youth focused HIV prevention programme which trains youth as peer educators. We teach people skills that will help them to become employable. These include computer literacy, interview skills, beadwork, sewing, carpentry, candle making, pottery and gardening. We distribute blankets, clothes and food to underprivileged people. We provide care and support to orphans and vulnerable children by helping them with homework and distributing food parcels. We are open from 08:00 to 16:00, Monday to Friday.

Tumelong Mission and Development Programme - Diocese of Pretoria

We are a community-based organisation (CBO). We do HIV counselling and testing (HCT/VCT) and we run a HIV awareness and prevention programme that trains youth as peer educators to influence their peers. There are 3 age categories ranging from 10 to 14, 15 to 18 and 19 to 23 years and they focus on abstinence, faithful and monogamous relationships and delaying of sexual debut. We also provide older persons and disadvantaged people of our community with blankets, clothes and monthly food parcels. We run TV, HIV and AIDS awareness, peer education and abstinence workshops for the youth and we distribute condoms. We provide life skills training for the youth and we also focus on gender issues. Food parcels are distributed to orphans as well as other vulnerable children (OVC) once a month. We provide further support for OVC in the form of help with homework and a meal after school, household chores relief and education. We run various income-generation projects such as beadwork, sewing, candle making, leatherworks and pottery. We refer survivors of abuse and rape for assistance and we help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open from 08:00 to 16:00, Monday to Friday.

UNICEF - South Africa

We are a donor agency, non-government organisation (NGO). We provide funding for civil society organisations and government programmes that deals with the needs of children. We are involved in developing young people by building citizens of the future through participation and life skills. We run an emergency response unit ensuring comprehensive and effective delivery of humanitarian assistance to address the full spectrum of children's rights when these rights are most under threat. We ensure quality education for children through safe and child-friendly schools, early childhood development, sport for development and adolescent development programmes. We work towards giving mothers and children greater access to quality maternal, neonatal, child health and nutrition services and better community-based health facilities; an HIV-free generation by preventing the transmission of the virus from HIV-positive mothers to their babies; fewer preventable child deaths through improved quality of maternal and child health care. We also provide protection for orphans as well as other vulnerable children, ensuring that all children have a safe and protective environment in which to grow and develop. We run HIV and AIDS and gender equality workshops. We are open from 08:00 to 17:00, Monday to Thursday and from 08:00 to 13:30 on Fridays.

United States Peace Corps

We are an educational/research, non-government organisation (NGO). We place United States volunteers in HIV and AIDS-focused service organisations such as schools where they teach children mathematics, science, English, numeracy, literacy and life skills. Our mission is to contribute to the on-going strengthening and expansion of South Africa's human resource base, helping to educate and train learners of all ages. Volunteers are trained and work in isiNdebele, isiZulu, Sepedi, Setswana, siSwati, Northern Sotho, Venda, XiTsongo, Xhosa and Afrikaans. In South Africa we work with our hosting organisations and partners to improve our service delivery through placing and supporting volunteers in communities to undertake meaningful work assignments in the areas of education, HIV and AIDS prevention and life skills training, youth development, financial literacy and the building of capacity and sustainability in civil society organisations providing social welfare to adults and children, including orphans as well as other vulnerable children. In the process of building and strengthening Peace Corps and South Africa partnerships, volunteers, whether in community drop-in centres or fourth-Grade classrooms, lay foundations for cross-cultural bridges that define us all as global citizens. We provide home-based care services for sick people and support for their vulnerable family members. We run HIV and AIDS awareness workshops and we provide support for survivors of abuse and rape. We are open from 07:45 to 17:15, Monday to Thursday and from 07:45 to 12:45 on Fridays.

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for terminally ill people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. We also provide a drop-in centre for children from 5 to 18 years of age and we give them a meal. We assist children with their homework and they take part in extra-mural activities. We run a day-care facility for children from 1 to 6 years of age and they are given 3 meals a day. A fee is charged according to the age of the child. This facility is an income-generation project which helps to generate funds to sustain the drop-in centre. We distribute condoms and we provide support for survivors of abuse and rape. We run a gardening project to supplement our feeding scheme and we help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open from 08:00 to 18:00, Monday to Friday.

Bula Monyako Projects

We are a non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure they adhere to their treatment regimens. We run support groups for people living with HIV and AIDS, older persons as well as child care forums. We do HIV counselling and testing (HCT/VCT) and we distribute condoms. We assist with applications for birth certificates, identity documents and social grants. We give repatriation assistance to people that needs to return back to their place of origin or citizenship. We run an advice office which helps people find the solution to their problem by referring and connecting them to the correct person or organisation. We have a second hand shop that sells clothing and household objects to raise funds for our projects. Monthly food parcels are packed by an extremely dedicated team of volunteers and these parcels are delivered to needy pensioners in Benoni, Daveyton and Wattville. Our HIV and AIDS counselling project helps people with HIV and AIDS and their families. There is also an awareness campaign attached to the project to help people understand the challenges surrounding HIV and AIDS and how to prevent contracting HIV. Our facilitator trains people from the disadvantaged communities to work informally in public places such as the taxis and trains as well as provide home visits. We are open from 08:30 to 16:00, Monday to Friday.

Cancer Association of South Africa - National Office and Gauteng Provincial Office (CANSAs - Gauteng)

We are a non-government (NGO), non-profit organisation (NPO). We have developed a wide network of branches across the country. Our organisation works actively to reduce the impact of cancer in all communities. We provide emotional and social support to cancer patients and their families. Our support programme for children living with cancer is called "Tough Living with Cancer (TLC)". Our children and youth programmes take place largely at schools where we provide a variety of workshops and discussion groups on healthy living. The CANSAs toll-free number is 0800 226 622. We serve as the National Head Office and Gauteng Provincial Office for the Association. We are open from 08:00 to 16:30, Monday to Friday.

Child Welfare South Africa - Actonville (CWSA - Actonville)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we assist in placing orphans and vulnerable children in foster care. We carry out campaigns at various schools, educating children on HIV, AIDS and prevention of child abuse. We are open from 08:00 to 16:00, Monday to Friday.

Don Mattera Child and Youth Care Centre

We are a non-government organisation (NGO). We provide a residential facility caring for children and youth from 12 to 17 years of age. We provide support for orphans as well as other vulnerable children and youth ensuring that they have social welfare support, psycho-social support, long term shelter, clothing, food to eat and that their basic needs are met. Meals are provided 3 times a day. All children are placed with us by the court. Our social workers assist the children with any problems, we offer counselling and we provide support for survivors of abuse and rape. The school is inside our premises and no children from outside are taken. Children are supervised with their homework and they take part in physical activities. We run a support group for drug abusers and abused children as well as workshops on behavioural sessions, drugs and abuse. We teach the children life skills and we assist them with applications for identity documents and social grants. We run a gardening project to supplement our feeding scheme. The shelter is open 24 Hours, 7 days a week and our office hours are from 07:30 to 16:00, Monday to Friday.

Epworth Children's Home

We are a faith-based (FBO), non-profit organisation (NPO). We provide a residential facility caring for orphans as well as other vulnerable children (OVC) and youth from 2 to 18 years of age. They are given 3 meals a day, shelter, clothing and we ensure that their basic needs are met. We find schools for children and we provide support for survivors of abuse and rape. Short term care is for children who have been placed with us by the courts and long term care is for children who cannot be reunited with their families or have been placed within the extended family network or foster care. Our residential treatment house offers a short term crisis intervention for families in crisis. The whole family occupies the house together with the child at risk for a period of 6 months to 1 year. Our Therapeutic Treatment Centre provides services for children in residential care and their families as well as for outside families in crisis referred by other NGOs, welfare services and schools. The Centre consists of a unit for occupational therapy and a unit for psychological and educational psychology services. We run monthly Mind and Soul workshops and we help people apply for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open 24 Hours, 7 days a week.

Heartbeat - Tembisa

We are a community-based (CBO), non-profit organisation (NPO). We encourage orphans and vulnerable children to reach their full potential, through quality service provision, development and capacity-building. We believe that the family is the most basic form of support that a child needs and we therefore try to keep siblings together by mobilising circles of support around the children within their communities. Our programmes are delivered through project sites called "After-School Centres". We contribute to the positive transformation of the child as a whole, with our guiding principles being children's rights, community participation, sustainable development and partnerships. At our branch we provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure they adhere to their treatment regimens. We assist children and youth with their homework and provide life skills training. We distribute food parcels once a month to disadvantaged families. We also help people apply for identity documents, social grants and birth certificates by referring them to the relevant government departments. We are open from 08:00 to 16:30, Monday to Friday.

Karabo - I am the Solution

We are an educational/research, non-profit organisation (NPO). We offer loss support to orphans as well as other vulnerable children and youth. We assist schools by empowering people from communities to support and care for vulnerable children, their parents and teachers by implementing HIV prevention, loss support and divorce support programmes, teacher seminars, life orientation programmes and professional therapeutical services. We form collaborative relationships by training volunteers and staff of other organisations to provide support to vulnerable children and families in previously disadvantaged areas. Our prevention programme provides young children, especially children from 7 to 9 years of age, with the knowledge and skills to protect themselves from HIV and AIDS and help people already infected to manage their health. We run a weekly support group for children, youth and grannies to deal with loss. We also run workshops for community workers once a week. We are open from 08:00 to 16:00, Monday to Friday.

Lancet Laboratories - Arwyp Medi-Clinic Centre

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

Laphumilanga Counselling Project

We are a community-based (CBO), non-profit organisation (NPO). We provide support services for disadvantaged people and a safe haven for vulnerable children. We also provide a wide range of counselling services for both children and adults and we do referrals to other organisations where necessary. We distribute food parcels twice a month to disadvantaged people who come to our Centre. We run a HIV and AIDS support group every Tuesday as well as TB, HIV and AIDS awareness workshops. To enable us to identify people in need we run poverty alleviation projects in order that we can assist them with food and clothing. We distribute condoms and we help people with applications for birth certificates, identity documents and social grants by referring them to the relevant departments. We are open from 09:00 to 16:00, Monday to Friday.

Lebone Home-Based Care

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We care for people that are terminally ill by washing them, cooking, cleaning and ensuring that they adhere to their treatment regimens. Child minders visit orphans as well as other vulnerable children (OVC), youth and young adults from birth to 18 years of age in their homes to check on their environment and to help school-going children with their homework and to provide related support as funds allow. Food parcels are distributed to OVC when available and we provide life skills training for the youth. We run awareness workshops on OVC, HIV and AIDS, TB and we refer survivors of abuse and rape for assistance. We assist people with applications for birth certificates, identity documents and social grants. We are open from 08:30 to 14:00, Monday to Friday.

National Council for Persons with Physical Disabilities in South Africa - National Head Office, Johannesburg

(NCPPDSA - Johannesburg)

We are a community-based (CBO), non-profit organisation (NPO). We are the national head office for the organisation where we oversee, monitor, facilitate and assist our branches in their initiatives across the country. We operate an extensive network of service providers for persons with disabilities. Our services encompass the establishment of job creation projects as well as specialised care centres for adults and children with disabilities. There are provincial associations in every province, who in turn have branches in various districts and towns in their provinces. At our branch we co-ordinate "Casual Day" which is a fundraising project for persons with disabilities and a variety of other national and regional projects. We are open from 08:00 to 17:00, Monday to Friday.

Stop Hunger Now South Africa

We are a non-profit organisation (NPO). We are an international hunger relief organisation with branches all over the world. In South Africa we have offices in Johannesburg, Cape Town and Middleburg. We co-ordinate the distribution of food and other life-saving aid around the world. We run a meal packaging programme where volunteers package high protein, dehydrated meals for use in crisis situations. Through a fun and engaging assembly line process, a team of 40 volunteers can package 10 000 meals in just 2 hours. Our outcomes-based feeding programme distributes food aid to individuals, community-based organisations (CBOs), learners under 18 years of age in schools, day-care facilities, creches and other educational settings. We place a particular emphasis on early childhood development (birth to 6 years of age) and a large portion of aid is directed to lunch programmes at early childhood development (ECD) centres in informal settlements. We are open from 08:00 to 17:00, Monday to Friday.

Suid-Afrikaanse Vrouefederasie - Jabes Social Development (SAVF - Germiston)

We are a community-based (CBO), non-profit organisation (NPO). We provide various social services to individuals and families within the community so as to enable them to improve their quality of life. Established as a carrier of hope for people with social needs, over the years we have grown into a diverse organisation which provides homes for the elderly, children and traumatised women. We run various nursery schools and other community projects and programmes. We are committed to reduction of poverty, sustainable development, family life enhancement and HIV counselling and support. Our social development programme is called SAVF FAMNET. At this branch we run day-care facility for children between birth and 5 years old. They are provided with meals. We run victim empowerment and awareness programmes. We also provide nutritional support, companionship and recreational activities for older persons from 09:30 to 4:00, Monday to Thursday. Our offices are open between 07:30 and 16:30 from Monday to Friday.

Thuthuzela Care Centre - Masakhane / Tembisa Hospital

We are a government/public organisation. We are a unit of the Sexual Offences and Community Affairs Unit (SOCA) of the National Prosecuting Authority of South Africa. One of the SOCA's key achievements in ensuring government's commitment to the fight against sexual offences and gender-based violence is the establishment of Thuthuzela Care Centres (TCCs). The TCC concept is recognised by the UN General Assembly as a world best-practice model in the field of gender-violence management and response. The TCCs are one-stop facilities located in public hospitals in communities where the incidence of rape is particularly high. The TCCs provide survivors with a broad range of essential services from emergency medical care and counselling to court preparation in a holistic, integrated and victim-friendly manner. The department aims to establish 35 centres by 2025. We are open 24 Hours a day, 7 days a week

Tshwaranang Orphans and Vulnerable Children

We are a community-based (CBO), non-profit organisation (NPO). We provide support services for disadvantaged people and a safe haven for orphans as well as other vulnerable children (OVC) and youth from 7 to 18 years of age. We run a weekly support group for grandmothers, youth and people living with AIDS as well as TB, HIV and AIDS awareness workshops. At our after school programme children are assisted with their homework and they participate in physical activities. We provide OVC with a daily meal from Monday to Friday and food parcels once a month from the vegetables grown in our garden. Life skills training is provided for the youth and we refer survivors of abuse and rape for assistance. Psycho-social support is provided and we organise camps for OVC during the holidays where they get training on fire and water safety. We organise learner programmes for the youth with companies and we run an extended public work programme for youth and young adults from 18 to 35 years of age. We assist people with applications for birth certificates, identity documents and social grants and then refer them to the relevant departments. We provide crafts training where we teach people how to crochet shoes and make candles. We are open from 08:00 to 16:00, Monday to Friday.

Child Welfare South Africa - Sharpeville (CWSA - Sharpeville)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we provide services for children that have been referred to us from the court and we also find foster homes for those children and supervise their stay in foster care. We are open from 08:00 to 16:00, Monday to Thursday. On Friday we are open between 08:00 and 13:00.

Lancet Laboratories - Naledi-Nkanyezi Clinic

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

A 22 Market Avenue, Vereeniging, Gauteng, 1939

Masibulele Care Centre

We are a community-based (CBO), non-profit organisation (NPO). We provide support services and a safe haven for vulnerable children. We run a drop-in centre where orphans as well as other vulnerable children (OVC) and youth from 7 to 18 years of age can come to take part in physical activities such as netball to keep them off the streets. Life skills training is provided for the youth. We also provide OVC with a cooked meal once a day and older persons are given a cooked meal once a week. We run a support group on Wednesdays for chronically ill people and older persons and we refer survivors of abuse and rape for counselling. We assist and refer regarding applications for birth certificates, identity documents and social grants. We are open from 11:00 to 17:00, Monday to Friday.

Mental Health Society - Vaal Triangle

We are a community-based (CBO), non-profit organisation (NPO). We care for children with profound intellectual disabilities. We provide day-care, training and educational facilities as well as a safe working environment for youth with intellectual disabilities. We refer some of our patients to special care centres when necessary. At our branch we work to maintain the mental health of people in the area in which we operate. We focus on people suffering from depression. We run a bipolar and depression support group on Tuesday and Thursday mornings and assist children and youth with mental disabilities to obtain grants and subsidies. We advocate for the rights of people with disabilities and we distribute blankets and food parcels to needy families once a month. We provide support for survivors of abuse and rape, life skills training for the youth and we involve people in craft projects. We are open from 08:00 to 14:00, Monday to Friday.

Thuthuzela Care Centre - Kopanong Hospital

We are a government/public organisation. We are a unit of the Sexual Offences and Community Affairs Unit (SOCA) of the National Prosecuting Authority of South Africa. One of the SOCA's key achievements in ensuring government's commitment to the fight against sexual offences and gender-based violence is the establishment of Thuthuzela Care Centres (TCCs). The TCC concept is recognised by the UN General Assembly as a world best-practice model in the field of gender-violence management and response. The TCCs are one-stop facilities located in public hospitals in communities where the incidence of rape is particularly high. The TCCs provide survivors with a broad range of essential services from emergency medical care and counselling to court preparation in a holistic, integrated and victim-friendly manner. The department aims to establish 35 centres by 2025. We are open 24 Hours a day, 7 days a week

Lancet Laboratories - Dr Lee, Potgieter and Venter

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

Child Welfare South Africa - Meyerton (CWSA - Meyerton)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we support disadvantaged children and their families through holiday programmes, life skills training, sporting activities and food parcels. We are open from 08:00 to 16:00, Monday to Friday.

Emthonjeni Fountains of Life Organisation

We are a community-based (CBO), non-profit organisation (NPO). We bring hope and relief for people living with HIV and AIDS, in Sweet Waters and the surrounding areas where there is a high rate of unemployment. The few people employed have limited skills, no formal training and the level of illiteracy is very high. We run support groups every 2 weeks for HIV patients, orphans as well as other vulnerable children (OVC) and youth. We provide a residential facility caring for homeless OVC and youth from 2 to 18 years of age, giving them 3 meals a day, shelter, clothing and ensuring that their basic needs are met. We run an afternoon programme where children from the neighbouring schools are assisted with their homework and basic computer skills and are given a full meal from the vegetables grown in our garden. We identify children in need and depending on our budget we buy school uniforms for them. We also run a clinic which has a full-time nurse working together with a team of counsellors and educators. We provide home-based care services for terminally ill people and support for their vulnerable family members. We bathe them, cook for them, clean their homes and ensure that they adhere to their treatment regimens. Our social workers assist people with applications for disability grants, identity documents and birth certificates. We run mothers-to-mothers workshops every 3 months, we distribute condoms and we provide support for survivors of abuse and rape. We are open 24 hours, 7 days a week.

Lancet Laboratories - Carletonville

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

Child Welfare South Africa - Kagiso (CWSA - Kagiso)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we support disadvantaged children through our safe houses for abused children aged between birth and 12 years. They stay for a period of 3 months. We are open from 08:00 to 16:00, Monday to Friday.

Lancet Laboratories - Krugersdorp

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

Lancet Laboratories - Healthworx Randridge

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238.

We also distribute condoms and we refer survivors of abuse and rape for assistance. We run holiday programmes for the youth where they learn to sing, dance and do drama. We provide HIV and life skills training and we refer people wanting to apply for birth certificates, identity documents and social grants to the relevant departments. We run a gardening project to supplement our feeding scheme. We are open from 08:00 to 16:00, Monday to Thursday and from 08:00 to 14:00 on Fridays.

A Stand 831, Speru-Speru Squatter Camp, Westonaria, Gauteng, 1779

Sizabantu Traditional Healers Organisation

We are a community-based organisation (CBO). We are a traditional health care practice providing home-based care services for sick people and support for their vulnerable family members. We cook for them, clean their houses and ensure that they adhere to their treatment regimens. We do HIV counselling and testing (HCT/VCT) and we run HIV and AIDS support groups 3 times a week. We distribute condoms and we refer survivors of abuse and rape for assistance. We help people with applications for identity documents, social grants and birth certificates by referring them to the relevant departments. We are open from 08:30 to 16:00, Monday to Friday.

T +27 11 754 1150
A 3543 Khoeahlaba Street, Mandela Section, Bekkersdal, Gauteng, 1779

Venterspost Satellite Clinic

We are a government/public organisation. We are a primary health care facility providing HIV, AIDS and TB-related treatment, care and support services. We have a community oriented primary health care programme that monitors and proactively works towards the improved health and well-being of families in our area. We are an accredited antiretroviral (ARV) treatment initiation and on-going treatment site. We refer patients Tambo Memorial Hospital if they require further treatment. We provide home-based care services for terminally and chronically-ill patients. We provide assessments and referrals for people with mental health issues. We also provide maternity services for pregnant women. Our service areas are Dale Park, Dan Park, Holomisa, Van Wyk Park, Willen Park, Windermere Park and Zilalisa. We are open from 08:00 to 16:00, Monday to Friday.
