

A SUPPORT SERVICES DIRECTORY – SERIES 7 2014

# Mpumalanga

## Introducing info4africa

info4Africa is a self-funded Centre of the School of Applied Human Sciences, College of Humanities, University of KwaZulu-Natal. Established in 2001, we were formerly known as the Centre for HIV/AIDS Networking (HIVAN). info4africa has a long history of working in the field of HIV, AIDS and TB. Our focus has expanded and matured over the past decade such that our database, wider networking and capacity building activities broadly reflect service provision in health, wellbeing and development in South Africa.

info4africa's defining strength is our ability to collate, maintain and quality assure data. We are currently engaged in data collection projects for a variety of local, national and international agencies. We believe in collating and sharing information for public good.

In addition to data collection and directory production, we facilitate free networking and capacity building forums for the faith-based, social welfare, non-government and wider practitioner community in KwaZulu-Natal.

*info4africa has representation on the following nationally-relevant committees:*

- Executive Committee of the NGO Sector of the South Africa National AIDS Council (SANAC)
- Member of the Health and Wellbeing Technical Task Team of SANAC
- Management Committee Representative, National Social Welfare Forum
- Sector Working Group Member for Goals 4, 5 and 6, Millenium Development Goal (MDG) Country Report (Statistics SA)
- Civil Society representative on the KZN Provincial Council on AIDS (PCA)

We have worked with international agencies, national, provincial and local community stakeholders in all sectors on data collection, data cleaning and directory production projects.

## Examples of our work include:

*PEPFAR partner in the production of:*

- A national database of 13 000 health, wellbeing and socio-economic development service providers.
- Six series of hard copy directories listing services and support to vulnerable people in each province. 160 000 directories produced to date.
- Nine provincial Children Services Directories in collaboration with the Department of Social Development (DSD).
- A database and isiZulu language directories of service providers in Ugu and uThungulu District Municipalities, KwaZulu-Natal. An Operation Sukuma Sakhe Project in partnership with BroadReach Healthcare.

*eThekweni Municipality Projects:*

- A database and hard copy directory of NGO Service providers in eThekweni Metropolitan Municipality.
- A pilot Opportunities Centre database of unemployed job seekers linked to job readiness training programmes.
- A pilot database of small, medium and micro-enterprises (SMMEs) in eThekweni Metropolitan Municipality.

*info4africa's database can be accessed in the following ways:*

- Directories for each Province (Series 7 in production)
- Mobile Phone
  - Call \*130\*448# (Free call except on Vodacom. Vodacom users call \*120\*448#)
  - SMS 45080
- [www.info4africa.org.za](http://www.info4africa.org.za)
- [info4africa.storefind.mobi](http://info4africa.storefind.mobi)

### About this Directory of Support Service Providers:

- This publication forms part of info4africa's Seventh Series of Support Services Directories.
- It contains contact details of 559 organisations working in health, wellbeing and development support in Mpumalanga province.

### Who is this directory for?

Many organisations reach out to vulnerable people or families on a daily basis. Many of the people they assist need support in other areas. By linking with other like-minded organisations the needs of vulnerable groups can be met in a more holistic manner.

This directory is designed to assist support service providers in the valuable work that they do with vulnerable groups. Service providers can use this directory to:

- connect with service organisations in any area of the province
- refer clients to organisations for additional support and assistance

### How to use this Directory of Support Services Providers:

- A table of contents is provided at the start of this directory. It indicates the page number for the start of each section of information.
- Information in this provincial directory is categorised by district municipality and then by local municipality.
- Organisations are listed alphabetically within each local municipality section.
- Icons at the bottom of each organisation entry indicate the primary service areas of that organisation.
- More details on this categorisation can be found on the database form contained at the back of this directory.
- A map page is provided at the start of each district municipality section.
- The index at the back of the directory lists all organisations alphabetically and provides details of where to find them in the directory pages.

*"This directory of HIV-related services in Mpumalanga is partially made possible by the generous support of the American people through the United States Agency for International Development (USAID) and the President's Emergency Plan. The contents are the responsibility of info4africa (through a Sub-Agreement with Foundation for Professional Development) and do not necessarily reflect the views of USAID or the United States Government".*

## How to Find Organisations in this Directory

1. Do I know the name of the organisation?
2. Do I know where it is located (which municipality)?
3. If the answer to question 1 & 2 is YES, then:
  - a. Find the map page for the relevant District Municipality.
  - b. Locate the relevant local municipality heading in the text pages for this section.
  - c. Locate the relevant organisation name (all organisation information is alphabetical).
4. If the answer to question 1 is YES but the answer to question 2 is NO, then:
  - a. Use the alphabetical index at the back of the directory to find the name of the organisation.
  - b. Next to this name will be details of where the organisation is located, that is, its District Municipality and its Local Municipality.
  - c. Proceed then with step 3a through 3c above to locate the organisation in the directory pages.
5. If you simply want to find an organisation that provides a particular kind of service in your area and you don't know the names of any such organisations in your area, then do the following:
  - a. Find the map page for the District Municipality in which you want to locate the service provider.
  - b. Use the map to identify which local municipality is closest to where you want to locate a service provider.
  - c. Locate the relevant local municipality heading in the text pages for this section.
  - d. Use the icons (pictures) at the bottom of each organisation listing to quickly identify organisations in the local municipality that may broadly meet your service needs. Details on these icons and the services that they represent are contained in the organisation database form at the end of this directory.
  - e. Read the organisation names and their descriptive paragraphs to determine if the organisations listed in the local municipality are relevant to your needs.
  - f. Contact information is provided for each organisation so that you can contact them at your leisure.
  - g. If you still cannot find what you are looking for, please contact info4africa and we will gladly assist you. See our contact details below.

## To edit details or alert us to new organisations in your area:

- Complete the database update form at the back of the directory. Return it to us via fax 086 518 7589 or Email [community@info4africa.org.za](mailto:community@info4africa.org.za)
- Use our mobile phone update service by calling \*130\*448\*3# and follow the menu prompts
- Contact us on 0860 448 911

## How to Access the info4africa Database:

info4africa's database is searchable on the web or via mobile phone:

- Mobile Phone Database:
  - o Call \*130\*448# (Free call except on Vodacom. Vodacom users call \*120\*448#)
  - o SMS 45080 with your query and we will text you back the required information
- Read more about info4africa or search our database on [www.info4africa.org.za](http://www.info4africa.org.za)
- Use our mobi-site to search for services and support in your area [info4africa.storefind.mobi](http://info4africa.storefind.mobi)
- Order provincial directories - Series 7 is in production. Additional copies of our provincial directories can be ordered at R200.00 each or R500.00 for a CD-Rom of all 9 provinces.
- For more information on info4africa call 0860 448 911 or email us on [heusticed@info4africa.org.za](mailto:heusticed@info4africa.org.za)

## Thank you to our Project Partner, Foundation for Professional Development (FPD):

The info4africa national directory project is funded by the FPD through PEPFAR/USAID via FPD Compass.

- FPD is currently the largest self-funding health sector educational provider in South Africa.
- FPD has 3 key focus areas: education, research and capacity building - more specifically in the areas of health and management.
- info4africa reports to the Compass Project within the FPD. This FPD initiative strives to assist communities to respond effectively to HIV through the following areas of work:
  - Physical and Desktop Mapping; FPD Compass conducts large scale mapping projects. Traditionally this has been predominantly in the field of HIV response but is expanding into all social sectors
  - Demographic and Epidemiological Reporting; FPD Compass produces comprehensive reports based on the most current data
  - The work of FPD Compass spans across the SADC region and is not only limited to South Africa

For examples of this work, see the last two pages of this directory which include some epidata for this province. More information is available directly from FPD Compass.

For more information on the FPD and the Compass Project, please visit [www.foundation.co.za](http://www.foundation.co.za)

# Helplines and Hotlines in South Africa

Abortion Helpline	0800 117 785 Monday-Saturday 07:00 – 22:00	Dementia South Africa	0860 636 679 Monday-Sunday 24 Hours
Alcoholics Anonymous SA (AA)	0861 HELPAA / 0861 435 722 Monday-Sunday 24 Hours	Department of Education Helpline	0800 202 933 Monday-Friday 08:00 – 16:00

## Mpilo Home Community-Based Care

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for terminally ill and disabled people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. We also provide HIV training and support for orphans as well as other vulnerable children (OVC) and youth from 8 to 18 years of age which includes assistance with cleaning their homes, life skills training and counselling. We refer people with applications for social welfare grants to the relevant government department. We provide OVC with a daily meal at our after school programme, they are assisted with their homework and they participate in extra-mural activities. We run a weekly support group for disabled people, we distribute condoms and we also run HIV and AIDS awareness workshops. Our income-generation gardening project also provides fresh produce for the meals that we prepare for the children. We are open from 09:00 to 17:00, Monday to Friday.

## Thusong Service Centre - Casteel

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

## Child Welfare South Africa - Nelspruit (CWSA - Nelspruit)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we run 2 drop-in centres in Pienaar and Woodhouse where we assist children and youth with their homework and provide life skills training. We run various HIV prevention campaigns in our community. We run a sewing income-generation project where we train women on how to create and sustain their own income. We also help people apply for identity documents, social grants and birth certificates by referring them to the relevant government departments. We are open from 07:30 to 16:30, Monday to Thursday. On Friday we are open between 07:30 and 14:00.

## Department of Health - HIV, AIDS and STI Programme, Mpumalanga (DoH - Mpumalanga)

We are a government/public organisation. We support and maintain a comprehensive health care programme. Our department ensures that all South Africans have access to affordable and good quality health care. We support the management of HIV, AIDS, TB and sexually transmitted infections. We currently run an active HIV counselling and testing (HCT/VCT) campaign. We are an administrative office providing training, technical support, medical supplies and funding to clinics and hospitals in our area. Our focus is placed on addressing issues of HIV, AIDS and STIs, for which we run a specialised programme. We are open from 08:00 to 16:00, Monday to Friday.

## Department of Health - The Integrated Nutrition Programme, Mpumalanga (DoH TINP - Mpumalanga)

We are a government/public organisation. Our department ensures that all South Africans have access to affordable and good quality health care. The primary focus of TINP is to improve the nutritional status of all South Africans through implementing integrated nutritional activities. We work through schools to provide daily meals to vulnerable children and youth. We also encourage schools to develop food gardens to support learners who do not have sufficient to eat. Our primary focus is poverty stricken communities where the following groups will be the project beneficiaries: children under the age of 5 years, unemployed women and youths, primary school children, persons with diseases of lifestyle and terminal diseases such as AIDS and TB, people with disabilities and nutritionally at risk people. We provide counselling, supply nutritional supplements to hospitals and clinics and we are involved in training health and community workers about the relationships between HIV and AIDS and nutrition. We are open from 08:00 to 16:00, Monday to Friday.

## Lancet Laboratories - Hazyview

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238. We are open from 08:00 to 17:00, Monday to Friday.

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for terminally ill people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure that they adhere to their treatment regimens. When we have vegetables available from our garden we distribute them to sick and needy people, orphans as well as other vulnerable children (OVC) and youth from birth to 18 years of age. We do counselling and we also visit the homes of OVC to check on their well-being and to offer care and support where possible. We run TB, HIV and AIDS awareness workshops, we distribute condoms and we refer survivors of abuse and rape for assistance. We also help people apply for identity documents, social grants and birth certificates before referring them to the relevant government departments. We are open from 08:00 to 14:00, Monday to Friday.

## LifeLine Centre - Nelspruit

We are a non-profit organisation (NPO). We assist traumatised people by providing counselling, emotional support and immediate crisis management. Our counselling is empathetic, non-judgmental and highly professional. We empower our clients to find lasting solutions to the crisis or issue they are facing. We provide a 24-hour national telephonic counselling helpline 0800 012 322 and a Stop Gender Violence helpline 0800 150 150. Our 24-hour confidential crisis intervention service is available at no cost to all sectors of the community regardless of race, religion or social standing. We provide face-to-face counselling by appointment and offer a number of courses for individuals, corporates and civil society organisations. These courses include HIV peer education, awareness and information, personal growth and counselling skills in gender violence, HIV and rape. At our branch we provide face-to-face counselling by appointment and telephonic counselling. We run various outreach programmes including training courses. We are open from 08:00 to 16:00, Monday to Friday.

## Marie Stopes Clinic South Africa - Nelspruit and Provincial Head Office, Mpumalanga (MSSA - Nelspruit)

We are a business/private organisation. Our goal is the prevention of unwanted births and our mission is to afford women the right to have children by choice, not by chance. We focus on developing countries, providing a full range of reproductive health choices to 7 million people across 40 countries each year. We deliver voluntary family planning and reproductive health care services such as safe abortion, post-abortion care and maternal health services for poor and vulnerable women. We also provide HIV counselling and testing (HCT/VCT) and treatment for other sexually transmitted infections (STIs). Female sterilisation, vasectomies and medical male circumcision are available at most of our main centres. Our national call centre, toll free 0800 11 7785, is manned 07:00 to 22:00, Monday to Friday and Saturdays until 14:00. Our clinics are open office hours Monday to Friday and Saturday morning until 12:30. We charge a fee for most of our services. We are open from 08:30 to 18:30, Monday to Friday.

## Mpumalanga Leadership Foundation

We are a community-based (CBO), non-profit organisation (NPO). We are an umbrella body for grass-root organisations to develop towards their full potential. We are committed to recognise potential, development leadership, identifying needs and develop resources. Growing from the work of Nelspruit Community Forum, we were founded in July 2011 to strengthen the movement of church, business, government and community care organisations with capacity, resource development, communication, marketing, and spiritual nurture. We provide access 24 Hours, 7 days a week to the latest thinking on leadership through our website and blog zone where our members are able to engage with each other. We provide regular opportunities for leaders to meet and share ideas, participate in discussions, action research and explore how they can apply the latest thinking to move their leadership and their organisations forward. We also provide in-company or organisation support to help our members implement new thinking and approaches in their own organisation. We run various leadership training workshops and we do mentoring and administration on behalf of other organisations. We are open from 09:00 to 16:00, Monday to Friday.

## Right to Care - Mpumalanga (RTC - Mpumalanga)

We are a non-government (NGO), non-profit organisation (NPO). We work to build public and private sector facilities for the provision of antiretroviral (ARV) therapy to HIV-positive individuals. As an organisation we support over 100 clinics and capacitate the care or treatment of over 100 000 HIV-positive individuals country-wide. Our programme conducts HIV counselling and testing (HCT/VCT), screens for sexually transmitted infections (STIs), provides male and female condoms and links HIV-positive patients to care and treatment. Working in collaboration with the Department of Health, Anova Health, the Centre for HIV and AIDS Prevention Studies and Maternal, Adolescent and Child Health (MatCH) we will also be performing over 125 000 free male circumcisions over the next 18 months.

## SizaBantwana Children Benefit Organisation

We are a non-profit organisation (NPO). We work in rural communities providing care and support for around 750 children and youth from birth to 18 years of age, orphaned or made vulnerable as a result of HIV and AIDS. We tend to their immediate needs such as food, clothes and other basic needs and try to also deal with some of the larger issues in the community. We arrange clinic visits for health assessments and manage medication needs. We provide education and life skills training for children, their care-givers and the community as a whole. Around 400 of the children attend one of our care centres for food and support daily and we care for a further 350 children as part of our Isibindi-Marite project. This programme comprises a group of 13 child and youth care workers that visit orphans as well as other vulnerable children (OVC) at their homes. Comprehensive services are provided including support, homework assistance, medical care and help in obtaining birth certificates, identity documents and social grants. We are committed to providing a bright and hopeful future to the children in our area. We run HIV and AIDS awareness workshops and distribute condoms. OVC are provided with 1 meal a day from the produce grown in our vegetable garden. We provide support for survivors of abuse and rape. We are open from 07:30 to 17:00, Monday to Friday and from 08:00 to 13:00 on Saturdays.

## South African Men Action Group

We are a community-based organisation (CBO). We are a human rights organisation with a focus on men's health, HIV, AIDS and gender equality. Through dialogue, forums, marketing and media we hope to create a future for communities where poor health, gender-based violence and discrimination are no longer a part of our social fabric. We play a significant and practical role in addressing these issues and act as a catalyst in stimulating community economic activities to get rid of poverty, one of the major and direct contributors to our social problems. We recruit and motivate South Africans of all ages, but more importantly young people, to participate in programmes that are aimed at addressing gender imbalances and other societal ills. We work to strengthen and establish partnerships with other stakeholders which encompass civil, public and private sectors. We inform, educate and communicate ways in which men can contribute to remedy gender inequality. We run HIV awareness workshops, provide antiretroviral (ARV) treatment and assist with applications for social grants. We are open from 08:00 to 16:00, Monday to Friday.

## Thusong Service Centre - Moremela

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

## Youth for Christ - Mpumalanga (YFC - Mpumalanga)

We are a faith-based (FBO), non-profit organisation (NPO). We provide an inter-denominational Christian youth development agency. We live, serve and preach Christ to youth in a way that is real, accessible and relevant by addressing youth-related issues. We render counselling and supportive services to pregnant women and their families in crisis. We run a number of programmes which prepare young people for the future and address the challenges and problems they face. These programmes consist of pre and post abortion counselling, HIV and AIDS training, life skill education in schools and art and craft income-generating workshops for people infected and affected by HIV and AIDS. A percentage of the proceeds from the workshops are used to support the workshop costs and the balance is for the individuals in the programme. Our centres are open on an appointment basis only. At our branch we run peer education programmes in primary and high schools as well as with older youth. We partner with GOLD Peer Education who train older youth as peer educators to support our peer education programmes. We also partner with Options to support teen mothers. We provide HIV counselling but do not currently do HIV testing at our facility. We are open from 08:00 to 16:00, Monday to Friday.

## Lancet Laboratories - Malelane

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238. We are open from 08:00 to 17:00, Monday to Friday.

**A** Stand 1657, Inkomazi Area, Shongwe Mission, Malelane, Mpumalanga, 1331

## Thusong Service Centre - Louisville

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

### Child Welfare South Africa - Zamokuhle (CWSA - Zamokuhle)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we run a day-care facility for children between the ages of 2 and 4 years. We also run a day-care for disabled children between the ages of 3 and 13 years. We provide them with meals and recreational activities. We are open from 07:00 and 15:30, Monday to Friday.

### Asisukumeni Youth Service

We are a community-based (CBO), non-profit organisation (NPO). We provide a youth development initiative which works to uplift and develop youth and young adults in our area from 14 to 35 years of age. We work with and arrange for the Departments of Health and Social Development to carry out HIV and AIDS awareness, career guidance and entrepreneurship workshops in our community groups and in various training, education and development programmes. We also assist people with developing their curriculum vitae and help them prepare for interviews. We provide life skills training for the youth, we distribute condoms and we refer survivors of abuse and rape for assistance. We are open from 09:00 to 15:00, Monday to Friday.

A Near to Balfour Community Hall, Siyathemba, Balfour, Mpumalanga, 2410

## Thusong Service Centre - Siyathemba

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

## Lancet Laboratories - Secunda

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238. We are open from 07:00 to 17:00, Monday to Friday. On Saturday we are open between 07:00 and 12:00.

## Siyaphila Home-Based Care - Devon

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them and ensure that they adhere to their treatment regimens. We assist children in these families by supervising their homework and ensuring that they attend school. Clothing is donated to needy people and children when possible. We run a feeding scheme which provides cooked meals for older persons, orphans as well as other vulnerable children 3 times a week, from the vegetables grown in our garden. We run HIV support groups on Tuesdays and Wednesdays as well as HIV and AIDS awareness workshops. We distribute condoms and we provide HIV and life skills training and support for survivors of abuse and rape. We help people apply for identity documents, social grants and birth certificates before referring them to the relevant government departments. We are open from 09:00 to 15:00, Monday to Friday.

## Thusong Service Centre - Tholulwazi

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

## Umpumela Drop-In Centre

We are a community-based (CBO), non-profit organisation (NPO). We provide a residential facility caring for children, youth and school-going young adults from 2 to 20 years of age. We provide support for orphans as well as other vulnerable children (OVC) ensuring that they have shelter, clothing, school uniforms, food to eat and that their basic needs are met. At our drop-in centre we also work with destitute and homeless people and we help to give them their dignity back with counselling, a spiritual mind, food, clothes, blankets and temporary shelter should they need it. School-going children are assisted with their homework and engage in fun, physical activities. We distribute condoms and we provide support for survivors of abuse and rape. We assist people on antiretroviral (ARV) treatment by fetching their medication from hospital and ensuring that they adhere to their treatment regimens. We run teenage pregnancy and HIV support groups once a week and we offer TB, HIV and AIDS awareness workshops. Life skills training is provided and we assist and refer regarding applications for birth certificates, identity documents and social grants. We run a vegetable garden for income-generation and to supplement our meals. We teach crafts such as beading, knitting, crocheting hats and shoes which we sell to generate an income. We are open 24 Hours, 7 days a week and our office hours are from 08:00 to 18:30, Monday to Friday.

## Child Welfare South Africa - Sizanani/Standerton

(CWSA - Sizanani/Standerton)

We are a non-government (NGO), non-profit organisation (NPO). We are a volunteer driven organisation. We provide child protection services that promote, protect and enhance the safety, well-being and healthy development of children. Our programmes create a safe and caring environment and promote community mobilisation for the effective protection of children. We strengthen and develop capacity in member organisations providing services to children and families. We are a part of the Asibavekele programme. This programme works within communities to support vulnerable children and women. Volunteers are selected who identify households which are headed by children. We then provide support to these youngsters through our volunteers, ensuring that they are safe, are protected by the social system, have food and continue their education. Our national helpline is 0861 4CHILD (0861 424 453). At our branch we run a day-care facility for children between the ages of 2 and 6 years. We also provide them with meals. We are open from 08:00 to 16:00, Monday to Friday.

## Lancet Laboratories - Standerton

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238. We are open from 07:00 to 17:00, Monday to Friday. On Saturday we are open between 07:00 and 12:00.

## Empilweni Multi-Purpose Centre

We are a non-profit organisation (NPO). We provide comprehensive care and support services for vulnerable people through our Multi-purpose Centre. We encourage orphans as well as other vulnerable children (OVC) and youth from 6 to 18 years of age to attend school. We provide counselling, we assist them with their homework and they do sport. We also provide daily meals for the children both before and after school from the vegetables grown in our garden. Life skills training is provided and we help OVC by doing their laundry. We run TB, HIV and AIDS awareness workshops. We have a library and we help people apply for identity documents, social grants and birth certificates before referring them to the relevant government departments. We are open from 06:00 to 16:00, Monday to Friday.

## Thusong Service Centre - Breyten

We are a community-based (CBO), government/public organisation. Established as a one-stop, integrated community development centre with community participation and services relevant to people's needs, we empower the poor and disadvantaged through access to information, services and resources. Our Centres integrate government services into primarily rural communities which historically have poor service access due to their remote location and economic circumstances. The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

## Heartbeat - Mpumalanga

We are a community-based (CBO), non-profit organisation (NPO). We encourage orphans and vulnerable children to reach their full potential, through quality service provision, development and capacity-building. We believe that the family is the most basic form of support that a child needs and we therefore try to keep siblings together by mobilising circles of support around the children within their communities. Our programmes are delivered through project sites called "After-School Centres". We contribute to the positive transformation of the child as a whole, with our guiding principles being children's rights, community participation, sustainable development and partnerships. At our branch we run an after-care programme for children between Grade 1 and Grade 12. We assist them with their homework and school projects. We run support groups for children and youth from birth to 13 years of age. We also help people apply for identity documents, social grants and birth certificates by referring them to the relevant government departments. In addition we distribute food parcels once a month to children who are mentally disabled. We are open from 08:00 to 16:00, Monday to Friday.

The Centres provide a hub of activities and a variety of services which are organised according to a six-block service model including: Government social and administrative services, office services, education and skills development services, local economic development services, business services and community opportunities, information and communication activities. Since community needs are the driving factor in service provision, this model is modified to suit the context and environment of each Thusong Service Centre.

## Lancet Laboratories - Witbank Laboratory

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238. We are open from 07:00 to 18:00, Monday to Friday. On Saturday we are open between 07:00 and 12:00.

## Ndielehle Youth Advice and Information Centre

We are a non-profit organisation (NPO). We focus on youth development in our community by providing free training programmes for youth and young adults from 18 to 35 years of age. The training includes computer literacy, HIV, business skills and life skills. We are also involved in dance, music and drama doing occasional performances in different areas. We run income-generation projects for the youth such as typing of curriculum vitae and photocopying. We assist children with their homework and we also have a play area for children from 6 to 11 years of age where they come after school to play but they do so at their own risk. We distribute condoms, we run HIV and AIDS awareness workshops and we help people apply for identity documents, social grants and birth certificates before referring them to the relevant government departments. We are open from 08:00 to 16:00, Monday to Friday.

## Qedusizi Home-Based Care

We are a community-based (CBO), non-profit organisation (NPO). We provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, fetch their medication from the clinic and ensure that they adhere to their treatment regimens. We run a HIV and AIDS support group on Fridays and a girls support group from Monday to Friday. We also run awareness workshops on HIV and AIDS, teenage pregnancy, drug and alcohol abuse. We distribute condoms and we provide life skills training for the youth. At our drop-in facility we assist orphans as well as other vulnerable children (OVC) and youth from 6 to 16 years of age with their homework and they take part in physical activities. We teach the children singing, dancing and drama. OVC, sick and needy people are given a daily meal during the week from the vegetables grown in our garden. We assist survivors of abuse and rape before referring them for treatment. We help people apply for identity documents, social grants and birth certificates before referring them to the relevant government departments. We are open from 09:00 to 16:00, Monday to Friday.

## Christelike-Maatskaplike Raad/Christian Social Council - Delmas

(CMR/CSC - Delmas)

We are a faith-based (FBO), non-profit organisation (NPO). We are a professional network of social workers operating with a Christian ethos. We provide people with care and support through our community programmes which focus on family preservation, child protection, poverty alleviation, HIV, AIDS and TB. We provide community-based counselling, social welfare and social services for the poorest and most vulnerable people of all ages. We support families in making children's court representations, assisting with foster-care placements, supervising foster-care parents and where possible re-unifying children with their biological parents and family. At our branch we work with SANCA to provide counselling, family and prevention assistance. We run a sewing income-generation project where we train women on how to create and sustain their own income. We also provide statutory services including helping people apply for identity documents, social grants and birth certificates by referring them to the relevant government departments. We are open from 07:30 to 16:00, Monday to Thursday. On Friday we are open between 07:30 and 14:00.

## Lancet Laboratories - Delmas

We are a business/private organisation. We are one of the leading pathology laboratories operating throughout Africa, providing vital diagnostic and monitoring pathology services. We offer an extensive range of pathology services, from sophisticated molecular and cytogenetic investigations to advanced chemical analyses. We service the corporate, insurance and industrial sectors and have a large network of nurses and phlebotomy staff who service private and public hospitals and clinics, as well as depots in Gauteng, Mpumalanga, Limpopo, KwaZulu-Natal and the North-West Province. Our team of dedicated couriers operate in all of these regions, collecting specimens from medical practices and depots and delivering them safely and efficiently to nearby laboratories. Our main laboratory is based in Richmond, Johannesburg. This laboratory processes both routine and specialised pathology investigations and also acts as a reference laboratory to many smaller laboratories throughout South Africa and Africa. Large reference laboratories are also located in Durban and Pretoria, servicing the KwaZulu-Natal and northern regions. More than one hundred smaller STAT laboratories have been established in private hospitals and clinics throughout Africa to process urgent and emergency samples from these centres. Our facilities are equipped to support HIV counselling and testing (HCT/VCT) through rapid tests for antibodies, as well as tests to determine the presence of the virus in blood. We also support HIV-related blood tests such as CD4 cell counts and viral loads. To find your nearest branch call our 24-Hour number 0861 LANCET or 0861 526 238. We are open from 07:30 to 16:30, Monday to Friday.

## Suid-Afrikaanse Vrouefederasie - Middelburg Social Welfare Office (SAVF - Middelburg)

We are a community-based (CBO), non-profit organisation (NPO). We provide various social services to individuals and families within the community so as to enable them to improve their quality of life. Established as a carrier of hope for people with social needs, over the years we have grown into a diverse organisation which provides homes for the elderly, children and traumatised women. We run various nursery schools and other community projects and programmes. We are committed to reduction of poverty, sustainable development, family life enhancement and HIV counselling and support. Our social development programme is called SAVF FAMNET. At our branch we provide home-based care services for sick people and support for their vulnerable family members. We bathe them, cook for them, clean their houses and ensure they adhere to their treatment regimens. We run a feeding scheme on Monday, Wednesday and Friday for disadvantaged people. We distributed food parcels once a month to orphans and underprivileged people. We also provide nutritional support, companionship and recreational activities for older persons. We are open from 07:00 to 16:30, Monday to Friday.
