

ADVANCED HEALTH MANAGEMENT PROGRAMME

Ms. Martha Hlongwane

Martha is a Senior Pharmacist at Two Military Hospital, working for Project PHIDISA. She completed the Advanced Health Management Programme (AHMP) with a distinction average.

According to her, FPD has made her think about furthering her studies in management by maybe doing her Master's degree.

"I liked the course a lot. While at university I didn't get training in management, so I was not equipped to deal with management issues in the secular work place. So the course sharpened my managerial skills, especially in the area dealing with human resources. And the financial management module, I loved it. In the module I learnt how to make a budget, and how to write a proposal, that was great! In addition I learnt how to keep a project sustainable."
