She says: "After I did the course my team and I were able to identify and put other projects in place. For one, we were able to arrange a Breastfeeding Symposium on 11/08/11. In general my managerial skills have improved a lot, I am now able to help others in the department with my knowledge to effectively run their projects. Also the supply chain management in my department has improved, now that I gained the financial management skill from the course. In fact we managed to eliminate 40% of the audit queries."

"I was impressed by the FPD facilitators, they are experts at what they do and they know how to get the message across to the students. Further I want to recommend the FPD courses to all senior and middle managers."
