

HIGHER CERTIFICATE IN MANAGEMENT

Ms. Lara Kelly

She is the Social Worker and Programme Manager at Yabonga Children, HIV and AIDS in Cape Town. Yabonga is an NPO which supports women, men and children who are living with HIV, or who are affected by HIV and AIDS.

Her social work degree did not train her on management principles so the course that she studied at FPD was invaluable to her both in her professional and personal life. The HCM course helped her as a Programme Manager and she was able to put the theory that she learned into practice.

“Overall I found the FPD management course that I did informative, practical, challenging, interesting and incredibly useful.”

“I would recommend FPD to my colleagues, friends and fellow professionals working within the HIV/AIDS field as it was incredibly worth my time and effort as I learnt so much.”
